Two of the honours were taken by the youngest competitors in the Transvaal, viz., by Audrey Goldstein (aged 9), who was the only candidate in Johannesburg to gain Honours in the Higher Division; and Leah Isenberg (aged 9), who took Honours in the Lower Division. The former has also taken the Bursary two years in succession.

The following are some of the successes that have been attained by the pupils of MISS MAUDE HARRISON, viz.:

UNIVERSITY LICENTiate OF MUSIC.—NICHOLAS VAN DER HORST, "PERFORMER" (only once before taken in Transvaal).

A correspondent of the *Sunday School Times* asks that journal: "Is a man who is not a Christian a missionary for Satan?" To this the reply is given: "Every man belongs either to Satan or to Christ." A comparison of this dictum with that of the rabbis: "The righteous of all faiths have a share in the world to come," is interesting and significant.

(From Our Own Correspondent.)

KIMBERLEY.—The Rosh Hashona services were vigorously conducted by the Rev. Harris Isaacs, whose recent holiday to Europe has benefited him immensely. The rev. gentleman's sermons were very interesting, and eagerly listened to by a large congregation. Services were likewise conducted in the Zionist Hall, both places of worship being taxed to their utmost capacity. Magnificent weather favoured *Yom Kippur*, the day being quite an ideal one for fasting. This, fortunately, was quite in contrast to the preceding days, which were hot, dusty, and stifling.

SALISBURY.—The death of Mr. Joe Simmons, of this town, occurred on the 12th inst. The deceased was a brother of Mr. Leo Simmons and Mrs. Max Rubenstein, of your town. He was found dead on that date on the Salisbury Kopje. It appears that while having a walk he took ill and died. The deceased was a commission agent, and was an old inhabitant of this town, and well respected amongst the business people.

We have secured the premises of the late Bank of Africa for our Holy Services for the whole year, and the *Rosh Hashona* services were conducted by Mr. H. Rubin, to the great satisfaction of the congregation. This year we had an attendance of 120 males and 42 females.

DEATH OF A JEWISH AVIATOR.

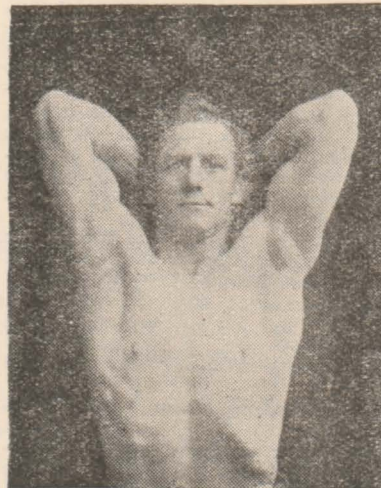

As Jews are to be found in every calling where nerve and daring are requisite, it is only natural that some should be attracted to the new pursuit of navigating the air, and about a month ago one of our co-religionists, named Arthur Welsh, met with a fatal accident at College Park, Maryland, while testing a war aeroplane that Wright Brothers were making for the Government. Welsh was an ardent Zionist, and it was at the meetings of the Zionist Club at Washington, D.C., that he became acquainted with his future wife. He had been with the Wrights about two years, won a number of prizes at different aviation meets, and was always regarded as a careful and conservative flier. But accidents will happen. Something went wrong with the machine—what it was will never be exactly known—and it came crashing to earth, killing its occupants.

The *Cape Mercury* of September 9th is responsible for the statement that a Jewish synagogue service in Esperanto will be a feature at the International Esperanto Congress at Cracow next year.
