**PALESTINE CLUB NO. 7.**

The twelfth monthly meeting of Palestine Club No. 7 was held at the residence of Mr. and Mrs. Edenburg on Saturday evening, March 7th. There was a good attendance. A most instructive lecture was delivered by Dr. J. M. Edelstein on "The Hebrew University." He gave the history of the origin, progress and present position of the Hebrew University in all its details, and explained how the immediate objects of the University, pointing out how different our University was to be from the average worldly degree-giving University. He further emphasised the spiritual benefits that Jewry would derive in Goluth through the good work of the University.

A most interesting discussion took place, to which the lecturer effectively replied.

An interesting letter, addressed to the Club, was read from Dr. Olsvanger, which the members were delighted to receive.

The members took the opportunity of wishing Mr. and Mrs. Edenburg and Mr. Stolly "bon voyage," as they are shortly leaving for Europe and America.
