

## A POSTAL RECORD

### Jewish New Year Messages

Jewish New Year greetings produced record telegraph business for the Johannesburg General Post Office.

Whereas the average daily number of messages dealt with by the head post office is about 22,000, on Friday last it was 42,816 and on Saturday, 26,079.

For the two days the messages totalled 68,895, compared with approximately 66,000 for the two corresponding days last year.

The greatest increase, however, has been in phonograms. On Friday the total was 1,453 and on Saturday 999. The previous record was on December 24 last, when 919 phonograms were sent in Johannesburg.

### Isador Epstein's Pupils

Mr. Isador Epstein and his teachers have been scoring outstanding successes lately. Exhibitions in the University examinations, which entitle them to compete in the overseas scholarship next year, have been awarded to Olda Mehr and Leo Quayle, while a bursary was gained by Louis Nicholaeff. Twelve out of fifteen solo sections in the Afrikaans Eisteddfod were won by the Epstein Piano School which gained for them four gold medals. Another pupil, Miss Esther Seigal, won the Artist's competition.
