

Summer Camp at Kfar Balfouria.

The first summer camp in the newly established Johannesburg Kibbutz, Balfouria Village, is to be held in December.

This will provide a unique opportunity for over a hundred young people, from various Youth movements all over the Union, to absorb the atmosphere and environment of communal life which is such an integral part of Kibbutz life in Palestine. The programme of the camp will consist of more than just formal instruction. With the purpose of giving ideological direction to the Zionist Youth movement with particular reference to Chalutzith, special teachers are being invited to participate in the practical instruction, for example, working in the fields, and giving lectures on Jewish culture, Hebrew, etc.

Ample time will be given for recreation, including tennis and swimming in Balfour Park.

The Chairman of Kfar Balfouria, Mr. Norman Lourie, will be the Rosh Hamachanah, and it is proposed to form a camp committee comprising representatives of each section of the Zionist Youth Movement.

The camp, which will commence about December 20, for two or three weeks, will be open to anyone who has reached the age of 16 years by 1st January, 1944. It is intended to run the camp through the different sections of the Zionist Youth and Habonim Movement and that each section will have the opportunity of concentrating on its particular curriculum and programme, although many aspects will be operated jointly.

Full particulars will appear at a later date.

Dr. H. W. Altschul Memorial Fund.

The appeal for the memorial fund in the name of the late Dr. H. W. Altschul continues to evoke response from all parts of the country. It is known that a number of additional persons and many individual societies have expressed their intention of contributing to the fund. They are earnestly requested to send in their remittances without delay so that the collection may not be unduly protracted. Contributions should be addressed to Dr. S. E. Kark, Hon. Treasurer, Altschul Memorial Fund, 85 Plein Street, Cape Town.

Owing to a clerical error, two items in last week's list of acknowledgments were incorrectly stated. They should have read: Mr. S. Mullne, £10 10s.; Mr. M. Effman, £5 5s.

Additional Contributions.

The following is a further list of contributions: Previously acknowledged, £410 18s. **Cape Town:** Mr. M. Aronson, £1 1s.; Mr. M. Astrinsky, £2 2s.; Mr. J. Bobrov, £2 2s.; Mr. and Mrs. M. Total, £473 12s.

Successful Chamber Concert

The Chamber Concert under the auspices of the Eleventh Branch of the B'nai B'rith took place at Cogill's Hotel, Wynberg, Tuesday afternoon, 7th September, with great success both socially and financially. The programme presented was of a very high standard and was thoroughly enjoyed by the large gathering present.

Elsie Hall rendered pianoforte solo, Harry Terhart violin soli. Albina Binns sang operatic arias and Jack Stubbs contributed several songs.

Great credit is due to the organisers of the concert, Mrs. Cecily Shawzin and Mrs. H. H. Hassen.

Mr. A. Friedlander moved a vote of appreciation to the artists and all those responsible for the success of the afternoon.

Your System Sounds an **ALARM**
(Your GALL-BLADDER is the danger point)

LIVERISHNESS IS ONLY A SYMPTOM

Fed-up after a slight attack of liverishness or biliousness? Afraid of their recurrence at awkward moments? Afraid of the consequences? What you must remember is that the trouble does not really begin there. *It begins with the gall-bladder.*

The inflamed gall-bladder, blocked by small gall stones, gives rise to a frightening variety of complaints, ranging from Obstruction of the Bowel to Kidney Trouble and Heart Disease. When the bile is not passing through cleanly and sweetly, the whole system is viciously poisoned. It's a lucky thing that Nature provides for such simple, clear alarms. It gives us a chance to treat the gall-bladder *in time and effectively.*

OSMOTIC TREATMENT

Osmosis is a physical principle implying that a strong solution of salt will draw away a weaker solution through a membrane. This treatment is scientifically applied to the blocked gall-bladder by regular use of Dr. Heinz Liver Salts—which goes to the root of the trouble and thus tones up the whole system.
