

Holiday Conversazione at Muizenberg.

ADDRESS BY MR. S. M. LEVIN.

The weekly Conversazione arranged by the W.P. Zionist Council at the Talmud Torah Hall, Muizenberg, was held on Tuesday evening, 11th inst. Mr. E. Levite presided and welcomed those present.

The first part of the programme consisted of two enjoyable items rendered by members of the Young Israel Camp at Lakeside—piano solos by Miss Sybil Michelow and songs in Yiddish by Mr. Philip Badash.

Mr. S. M. Levin, secretary of the W.P. Zionist Council, then delivered an address on "Problems of To-day." In the course of an interesting review he surveyed the present position of World Jewry, the Zionist approach to post-war reconstruction and to local affairs, and examined reform and other assimilationist tendencies. He dealt with the absorptive capacity of Palestine from the economic and political standpoints and analysed the current rumours regarding partition. He concluded by referring to the character of the next Aliyah and South African Jewry's responsibilities.

After the tea interval, Mr. Levin replied to questions put by members of the audience.

There will be another function in this series on Tuesday evening, 18th inst.

The Swiss Ort-Oze, which is being increasingly recognised as the Jewish Red Cross, has been granted special facilities by the belligerent countries to send shipments of medicines, vaccines and other supplies to towns in Poland, Austria, Yugoslavia, Bulgaria and France. The Oze maintains 6,000 refugee children in Southern France alone.

DYSPEPSIA?

Watch your GALL-BLADDER!

HOW OSMOSIS CLEANS YOUR GALL-BLADDER

The physical principle known as Osmosis implies that a saturated solution will draw away a weaker solution through a membrane. This is applied to the blocked gall-bladder by means of Dr. Heinz Liver Salts which go to the root of the trouble and tone up the entire system.

Fed up with recurring attacks of liverishness and indigestion? Apprehensive of those torturing twinges of backache, headaches that make life a misery? Fearful that these disorders may be the result of another more serious trouble? You have every reason to worry. But these irksome complaints often turn out to be blessings in disguise. They act as warnings of a far more serious trouble which very likely started in your gall-bladder. The inflamed gall-bladder, blocked by bile or possibly by small gall-stones gives rise to an alarming number of complaints varying from obstruction of the bowel to Liver Disease and Heart Disease. It's a lucky thing that Nature provides us with such clear, unmistakable warnings. It gives us a chance to treat the gall-bladder *in time and effectively*.

Take with a spot of hot water. Dr. Heinz Liver Salts is a medicine and not a cool drink
