Dear Robert,

We are not quite ready to give you a firm offer, but will do so in the next couple of days. David is getting new and better quotes for S&L. We are also trying to get a different venue in Durban, as I mentioned to you the other day our G.P. is barely at breakeven.

I do think we will stay with the smaller venue in Cape Town and try to go for adding a second show. We are also looking into the possibility of a second show in Jo'burg. How many days in a row will Don perform?

Please call or fax if you have any questions

Best Regards

Richard Linnell
