The Senior Partner

We know you have concerns, and would welcome an opportunity to hear what Visions for the future of South Africa and KwaZulu Natal are held by prominent figures like the Honourable Thabo Mbeki and His Majesty King Goodwill Zwelitini. Generating New Understanding in association with Policy and Praxis, is organising a Visionary Banquet that promises to be an intimate and interactive forum. It is set to be one of the most important events of the year and offers professional, micro and macro business persons the opportunity to network with other business people, and government officials.

The following table indicates important issues pertaining to future economic development and social stability in South Africa. Please indicate three issues you would like discussed at the Visionary Banquet. Should you have any other questions or comments with regards to KwaZulu Natal's growth and economic development, or South Africa's economic future as a whole, or other issues important to you, your business and social security beyond the 1999 elections, record these in the additional space provided.

On arrival you will be served pre-dinner drinks and have a chance to mingle before being seated by the hosts. An appetiser will be served as a prelude to the first presentation. Thereafter the entrée will gracefully provide you with an appetite for the second presentation of the evening. Whilst savouring your main course, intimate discussions around the presented issues with political figures and economic advisers seated with you, will be welcomed, before winding down with dessert.

Two tables will be reserved for the distinguished speakers and a few business or professional persons who would like to be seated with them. This provides a personal opportunity to dine and converse with our country's most prominent political visionary figure Mr Thabo Mbeki and His Majesty King Goodwill Zwelitini.

On accepting our invitation, you will receive a publication providing information on the African Renaissance, Mr Mbeki's Vision for South Africa, King Goodwill Zwelitini's vision for the future of the monarchy and KwaZulu Natal.
