GREAT IMPORTANT URGENT NEWS.....

FIRSTLY, thank you for assisting us in getting the word about THE CHELSEA THEATRE and MOROCKO around.....

SECONDLY, thru those words we've had such tremendous response to MOROCKO'S words and music, that we have just GOT to extend their season at THE CHELSEA THEATRE. Instead of them ending this week-end, the 28th Feb, MOROCKO will thunder on into the next week until Sat the 7th March. Nightly from 9pm to 11.15pm (Doors open at 8.....come early and get a good table...we close with the incredible JONI MITCHELL video film: SHADOWS AND LIGHT, featuring, among other's the amazing JACKO PISTORIUS on Bass - The video starts nightly at approx 12 midnight and runs for an hour.)

LASTLY, would you PLEASE be so kind as to give these above facts a mention....MOROCKO MUST NOT BE MISSED -

After their final night, they leave for a 2 week stint to Cape Town.

ALSO: Their debut, American recorded LP "MOROCKO" is to be released thru' TRUTONE during their run next week.

THANKING YOU.....David & Fran / for the CHELSEA

APPLAUSE FOR JONI MITCHELL ON VIDEO

The Joni Mitchell Video of her spectacular "SHADOWS & LIGHT" Concert featuring Jaco Pastorius on bass and Pat Metheny on guitar is actually drawing applause from the Chelsea Theatre audiences nightly.

The hour long concert, recorded in Los Angeles last year, is being shown nightly from 12 midnight after MOROCKO'S second set.

The Video gets as much applause and acclaim as Morocko do, and the crowds treat it as if Joni Mitchell were right there; this video is certainly the next best thing.

Shadows & Light is being shown only until March the 7th - when MOROCKO complete their 2½ week run.
