

LEATHERETTE

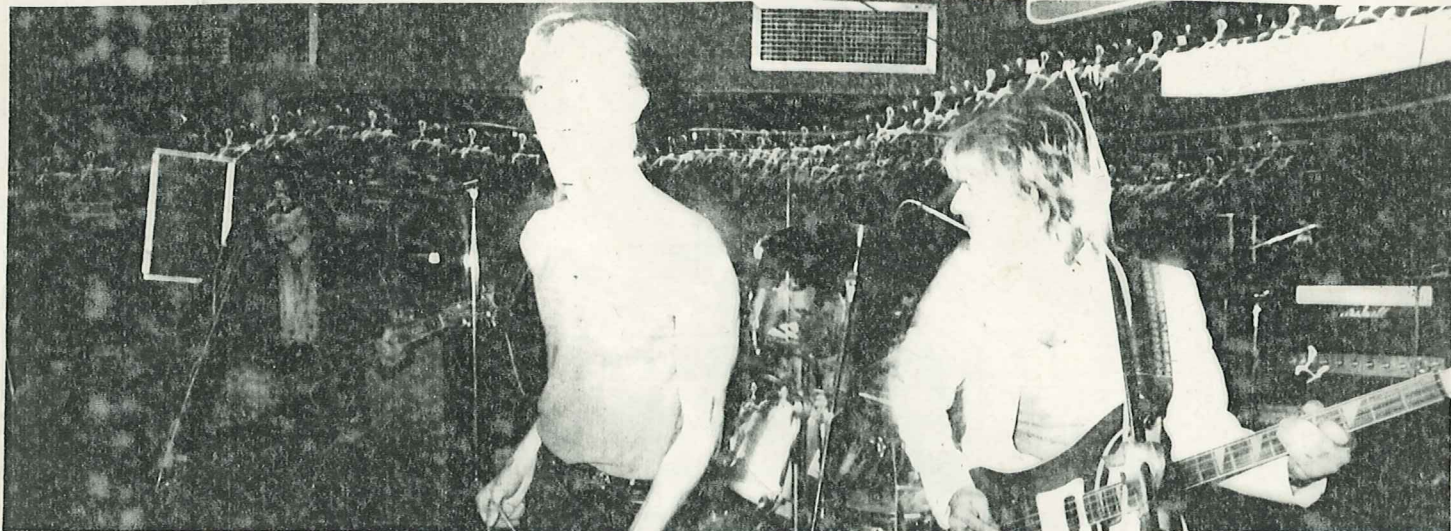

LEATHERETTE are an articulate young rock 'n roll band who believe that rock music reaches far too many people for a song to have 'throw-away' lyrics.....

"We write songs about things happening around us things that are very hard not to take notice of"

LEATHERETTE ARE FOUR PEOPLE FROM DIFFERENT COUNTRIES & SOCIAL BACKGROUNDS THAT HAVE FUSED INTO ONE ROCK UNIT.

"We just about needed an interpreter before we could really start playing together."

LEATHERETTE Are: PETER BROUGH on guitar (British)
HERMAN EUGSTER on Drums (Swiss)
RUDI FRÖHLING on Vocals (South African)
TOMMISLAV SVORINIC on Bass (Yugoslav)

LEATHERETTE might be fake but it sure keeps a lot of animals alive.

LEATHERETTE AREN'T REALLY ALL THAT PRETENTIOUS....THEY'RE JUST WHAT A THINKING PERSON'S BAND SHOULD BE.

LEATHERETTE aren't looking to rock 'n roll to feed their egos or any decadent desires

"Escapism thru sex and drugs is the worst. People conveniently keep themselves from reality 'cause it's such a mess when they should be out there cleaning it up: Rock 'n Roll's the worst offender."

LEATHERETTE are a hard working band that play the best damn music they possibly can.
