## SHED RECORD RELEASES

Volumes of 'Hey thanks you guys' are wafting from the windows of our fourth floor penthouse studio to all you lot what helped to make David Scobie's Gypsy Girl No. 1 - We couldn't have done it without you (Did anyone notice the undeliberate spelling mistake of the A side title?)

NEW RELEASES - SHED 105

**SATURDAY NIGHT**  
(Tawanda Rusike, Philip Rusike,  
Abe Rusike, & Caleb Rusike)  
**RUSIKE BROTHERS**

**XZS**  
**105**

At last the Rusike Brothers' "Saturday Night" is in shops and, judging by pre-release demand, should do very well.

Their first release is a culmination of hard work since their formation three years ago in Kitwe, Zambia. The five brothers who are Zimbabwe born are from a family of eight - poor old mum! The eldest is Tawanda who at the old age of 22 years is the leader and brain behind the group - the others are as follows: Phillip 20 years, Abe 18 years, Caleb and Colin who are twins at 16 years. The A side "Saturday Night" was written jointly by all of them except Colin, and the flip side "Goodbye Girl" was entirely composed by Phillip. This record has also been released outside our borders and because of demand, tracks for an L.P. are shortly to go into production. They are a very visual group and have already caused quite a stir on the local live entertainment scene.
