OCTAVE featuring the remarkable talents of South African singer PINKY WILLIAMS in what could possibly be a double sided hit: IYA GUDUZA the popular traditional Xhosa song revitalised here by the group,....retaining the wonderful 'traditional' township feel, and yet adding a new 'worldly' dimension. MY BOY LOLLIPOP - PINKY'S live show stopper, stomping reggae version of the old 'Little Millie' hit - she's remade it into a hit up north, and there's no reason why she can't repeat her success down south.

SHED STUDIOS are in the process of producing an album with OCTAVE, featuring PINKY WILLIAMS - who we hope to see/hear perform down here.....depending on how well accepted her debut single from SHED goes.....
