PJ's - GRAHAMSTOWN  
2 - 12 JULY 1998

Standard Bank National Arts Festival

## Dear Festinos

Now in its 9th year, the Standard Bank Jazz Festival continues to grow and adapt, to keep pace with the tastes and requirements of loyal supporters and those of you who have more recently discovered the delicious pleasures of jazz. Jazz is many things but certainly it is an international conversation spoken by men, women and children from every corner of the world.

This year's programme aims to broaden the *inclusivity* of our festival and this manifests itself in many ways.

**MANN...** All time jazz legend Herbie Mann has collaborated with musicians from many parts of the world and is truly excited at the opportunity to include a big South African contingent in the bands hand picked for his first ever South African performances at the festival.

**WOMEN...** A run through the performance schedule reveals a bigger than-ever female participation - vocal and instrumental, South African, American, African American, Native American and Brazilian.

**KIDS...** The Standard Bank National Youth Jazz Festival (NYJF) runs concurrently with the Standard Bank Jazz Festival, and creates special opportunities for aspirant young musicians from all walks of life. Catch the creative overlaps when the Professors and the students perform up at PJ's.

**JAZZ FEST FORMAT... AND PRICE BUSTERS...** The new Jazz Fest format which applies on most days is:

▼ 17h00 Sundowner price buster

▼ 19h30 Concert 1

▼ 22h00 Concert 2

▼ 24h00 Midnite Special or Jam Session - more price busters

Most shows are 70 minutes' duration, but look out for the 80 minute double-headers and the 2 hour-plus All-Star jazz summit closer.

**TOWNSHIP IN THE TOWNSHIP...** The best way to hear Township is in the Township, if you get our meaning. Don't miss our "Get up and Dance" Township concert at Nombulelu, Sunday July 5, 14h00 (Map reference 02).

**BE OUR GUEST...** Daily at 13h00, Grahamstown's own swinging Township band, **Sivile**, will be performing free of charge at the Village Green.

**CD'S...** Get to the show early or linger after and browse through the "Best of the Standard Bank Jazz Festival" and other fine CD's. On festival opening night, Thur July 2 at 24h00, be our guest for a free CD party when you'll hear the discs through the PJ's live auditorium sound system.

**STYLES...** Established legends such as Herbie Mann and Count Basie Band vocalist Irene Reid... Hammond Organ blues-breaker Mike Carr... South African songstresses Dolly Rathebe, Sylvia Mdunyelwa, Tu Nokwe and Gloria Bosman... Mainstream/swing exponents Lithins-Fourie-Gontsana... Township teamsters The African Jazz Pioneers and the Elite Swingsters... Morris Goldberg leading OJOYO with two repertoires - S Afrojazz and a Latin-American fiesta... The Karlheinz Miklin Trio introducing South Africans to the modern European styles... And, of course, the jam session favourites where any style we might not have covered is bound to get the treatment.

**GET UP AND DANCE...** You've danced in the aisles and we got the message ... There'll be dance floor space at all African Jazz Pioneers and Elite Swingsters shows, as well as the All-Star concert.

As always, a million thanks to the sponsors who make this unique South African plug-in to the world wide jazz festival circuit a reality.

See you there!

**Henry Shields**
