WE REFILL GAS CYLINDERS, BATTERIES, TORCHES ETC.

All success wished to Splashy Fen Music Festival

Visitors attending the Music Festival do so entirely at their own risk. The owners of the farm Splashy Fen, and the organisers of the Festival, do not hold themselves responsible for any theft or loss of property, or for death, injury or damage arising out of any cause whatsoever.

Things to remember:

- * We are all here to enjoy ourselves and to enjoy good music. Please do not do anything to impair others' enjoyment of the occasion.
- * Please do not pollute the river in any way – and remember that it is extremely shallow in places, so DIVING CAN BE DANGEROUS.
- * Please keep the area tidy and remember to deposit rubbish in the drums provided.
- * Please do not damage trees, pick flowers or interfere with wild life.
- * Snakes are not plentiful but they DO occur – be watchful, especially in rocky areas.
- * Please do not wander on to neighbouring properties or beyond the festival area.
- * ENJOY!

Above all, remember that the future of the Festival lies in your hands. If all goes well this year, the Festival will become a regular feature and folk music will grow from strength to strength.

Beneficiaries of the Festival:

1. The Wildlife Society. The Sani branch of the Wildlife Society is negotiating with the Natal Parks Board to run a small piece of property at the foot of the Sani Pass, known as the Good Hope Store complex, as a low-cost accommodation and environmental education centre. This will be for the benefit not only of groups such as school groups but also for small family groups. It will provide a unique and inexpensive venue to explore one of the most beautiful and ecologically important areas of the Drakensberg. Money raised at this Festival is aimed at achieving this goal.
2. The Turn Table Trust. This is a locally-based self help project aimed at teaching local black people basic skills which will provide them with the means not only of supporting themselves but of embarking on entrepreneurial ventures. Its success will have an impact far beyond the district.

3RD EAR MUSIC

TEAG3309 ZTEG3309

SIPHO MCHUNU

Umhlaba Uzobuya

the world is coming back...

With twenty years as a professional music performer, composer and multi-instrumentalist behind him, the internationally acclaimed founder of JULUKA is a formidable South African musical force. Now a full-time producer with 3rd Ear Music/Tusk Music in Durban, SIPHO MCHUNU is back with a hot new traditional dance album, UMHLABA UZOBUYA/THE WORLD IS COMING BACK.

Siphso set New York City alight a year ago when he performed at the famed Apollo Theatre. The American audience understood barely a word of his Zulu lyrics - yet his incredible reception from this audience is evidence of his ability to communicate across language and cultural barriers through the universal medium of hot dance music.

Faithful to his traditional roots, Siphso has blended Mbaqanga with strong high-tech influences. His uncanny ability to make music out of almost everything he does, his notorious sense of humour, and the excitement of his live performances all come through on this studio album.

TEAG3308 ZTEG3308

MADALA KUNENE

Produced by SIPHO GUMEDE

MADALA KUNENE sings of life. He evokes the sorrows and happiness of life with such deep emotion that one cannot help but be moved. He has a quiet charm which comes alive on stage, when he is doing what he loves best: reaching out to people through his music.

Madala began his career as a solo musician, before joining ZANUSI. But his unique style and sensitivity is best appreciated solo, which is how he plays on this excellent album produced by Sakhile's Siphso Gumede.

SPLASHY FEN SPRING FESTIVAL
