INDIAN TRADERS' DEPUTATION

Storge of Inflammable Substances

MR. S. M. RAHIM, secretary of the Indian Traders Vigilance Committee received a letter from the Town Clerk in which it is stated "that the Committee proposes in the near future to embark upon a revision of the regulations relating to the storage of all inflammable substances."

The letter further goes on to say "After hearing your representations the responsible committee decided that the regulation in question should, in so far as the Council is concerned, be administered in practice according to what it conceives to be the true meaning and intent rather than in accordance with the strict letter.

"The Chief Officer of the Fire Brigade has been instructed to take action only in those cases where paraffin and petrol in excess of the quantities allowed by law are stored, in that part or those parts of any premises which is, or are actually used as a sleeping place by human beings or which is or are habitually occupied for residential as distinct from business purposes by one or more persons.

"In the result, apart from the licence, you will not be disturbed by the Chief Officer of the Fire Brigade provided always that not more than 50 gallons of paraffin and not more than 10 gallons of petrol are kept securely stoppered."

In an interview with Mr. Rahim he said that his Committee were pleased with the decision arrived at, being very satisfactory to their interests.

Among the sisters who mourn her loss, are Mrs. Fortuin, Mrs. Meyer and Mrs. Johnson of Somerset West.

ADVISORY BOARD

THE tenth general meeting of the Cape Peninsula Juvenile Advisory Board will take place in the Board Room, Labour Buildings, Cape Town on Tuesday evening, 19th inst., at 8 o'clock.

BOYS' BRIGADE FIRST DRILL COMPETITION

A NEW era began in the history of the recently resuscitated Cape Peninsula Battalion of The Boys' Brigade on Saturday the 2nd October, when eight of the Companies of the Battalion assembled in the Heathedale Park to display their efficiency in drill to compete for the Flag, which was presented by the late General Sir William Cameron to be prescented annually to the Company most efficient in drill and smartness on parade.

A dense and excited crowd gathered to see the 2nd Wynberg Company leaving its stones unturned in their splendid endeavour to secure the most highly prized trophy in the Battalion.

The Somerset West Company is to be highly congratulated on being the runner-up, and pretty closely, too. This Company did very well, and will certainly worry Wynberg next year.

Captain W. H. Grach (Royal Engineers) judged the drilling and inspected the Companies. The drilling of the other Companies also showed promise.

Captain C. F. Arendse, the Battalion Secretary, was in charge of the Competition and the Parade.

Mr. Charles Baker, an old and ex-member of the former Wynberg Company, then presented the Banner to the Wynberg Company.

Among those present were: Rev. Wm. Mason, B. C. F., President of the Battalion, Mr. W. Duncan Taylor, Vice-President, Rev. G. Sheasby, Rev. Cyrel, Rev. N. du Plessis, Mrs. C. Baker, Mrs. W. Taylor and Mr. O. Wolfheim, B.A.

Just prior to the Drilling event, several choirs of the Methodist Churches competed for the Irwin Rosebowl. The judgingwas by Mr. O. Wolfheim, B.A., and the successful choir was the Buitenkant Street, Cape Town.

These two events took place at the Grand Fete which was opened by Mrs. C. Baker. Cakes, sweets, etc., were sold and the proceeds were in aid of the Heathedale Orphanage.

The Wynberg Company was also successful in winning, for this season, both the League and Knock-out Trophies in the Brigade and Sunday School Union.

Ring-Pitchers' Annual Dance

MANY ardent members of ring-pitching clubs in the Western Province Ring Pitching Union were present at the 13th annual dance and presentation of prizes in the Foresters' Hall, Woodstock, on Saturday, 9th October.

Mr. Wentzel, the president, who presented the trophies to the various winners, remarked upon the splendid behaviour and sportsmanlike manner in which the teams had taken their wins and defeats.

Representatives of the Auckland Union and City and Suburban Union, etc., who were also present, rendered speeches, which were well applauded.

OTTOMAN'S TOUR

THE hon. secretary of the Ottoman Cricket Club announces that the touring team will leave Cape Town for Durban on December 10 next, where a series of matches has been arranged. The team will also visit Johannesburg on the 9th of January, 1938, and would like to meet a club there. A further call will be made at Port Elizabeth in the second week of January. Mr. H. A. Majiet, 7 Van der Meulen street, Cape Town, will be pleased if the secretaries of clubs in the future places will communicate with him if they have any open dates.

"DEGRADED AND DEBASED"

The Indian In Johannesburg

DR. ERNEST L. GODFREY made hard comparisons between the status of Indians in Edinburgh and Johannesburg, in an address at a special luncheon meeting of the non-European Affairs Committee of the Rotary Club, at the Carlton Hotel recently.

Among those present were Syed Sir Raza Ali (Agent-General for India), Mr. T. Nimmo Dewar (president of the Johannesburg Rotary Club), Mr. Stakesby Lewis and Dr. William Godfrey. Mr. H. Britten presided.

"The atmosphere of Edinburgh," said Dr. Godfrey, "is one of polygenous freedom, knowledgeable fearlessness and cheerful contentment, and the Indian within her gates is met with cordiality and equality.

"The atmosphere of Johannesburg is that of censorius freedom, apprehensive fearlessness and discontented levity; a heterogeneous collection of foreign nationals impressed on a basic race, and the Indian here is met with the chill of authoritative austerity and repressive degradation."

He said that he had lived in Britain for more than 20 years, and though his comparisons were hard and harsh, it was the truth. Until a short time ago an Indian was a rarity in Edinburgh, but many Indians were there to-day. They accepted and maintained with care and dignity the social fabric around them.

The Indian in Johannesburg was an assembly, having come here as did other countless nationals to seek his fortune. Whereas the others were singled out, pampered and favoured, the Indian was classed with the lowest aboriginal, and whenever opportunity offered he was degraded and debased.
