## IMPORTANT ELECTION MESSAGE

### **YOU'RE READY.**

The great majority of South Africans go forward with confidence and determination to their election on April 27 and 28.

The IEC has spoken to thousands of ordinary people throughout the country. This is what they say:

"We are looking forward to our election."

"We have lived too long with uncertainty and fear. We want to have *our* say, and we want to have it now."

"Whatever our country's problems, we want our election."

"This will be the most exciting moment of our lives."

You, the people of South Africa, are ready to vote.

### **WE'RE READY.**

For four months, the IEC has been working to give South Africans the election they want.

Nine thousand voting stations, including 240 mobile stations, have been set up. Ballot papers have been printed. Electoral officers have been hired.

Ten thousand monitors are being deployed at voting stations to protect your right to vote in secrecy. And the IEC has planned with the various security forces to protect you when you vote.

Where evidence of offences against the Electoral Act and Code of Conduct is brought to the attention of the IEC, offenders are tried by electoral tribunals.

We're ready to give you the election you want.

### **LET'S DO IT.**

**INDEPENDENT ELECTORAL COMMISSION**

A FREE AND FAIR ELECTION FOR ALL
