OUR PLAN TO BUILD ONE MILLION HOUSES WILL LAY A FOUNDATION OF PEACE AND HOPE.

A home is the cornerstone of society. Yet, today, over 7 million South Africans live in shacks or have no home at all.

South Africa will know neither peace nor a better life for as long as so many are living without adequate housing.

We have a plan to build one million houses over the next five years. It involves working with building societies and banks so that people have the means to buy, build and own their homes.

It will create jobs and help bring peace and hope to our land. We know there are no quick solutions to the decades of neglect. But this plan is a real beginning. By working together, we can build a better life for all.

A better life for all. Working together for jobs, peace and freedom.
