“AND YOU HAVE THE CHEEK TO CALL ME THE WEAKER SEX?”

Women have been the glue that has kept this country together. And we believe it is time that this strength was recognised. In real terms.

Which is why we are committed to ending all discrimination against women in the workplace. Through training, affirmative action, equal pay for equal work and by protecting maternity and child-care rights.

We will assist the small business women by changing existing licensing laws and by providing training and loans.

We will guarantee women the right to home and land ownership. And the right to be treated fairly before the law.

Equality and respect for every woman in South Africa is our top priority. Because you deserve it.

A better life for all. Working together for jobs, peace and freedom.
