You dare not vote

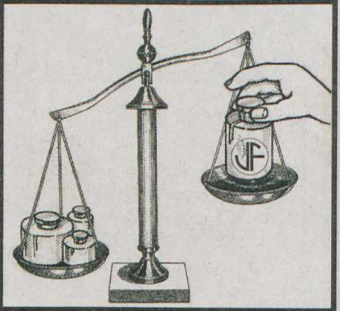

- before you have considered these five reasons

If you are also a concerned Christian, help us to fight communism in the corridors of power.

If you want to vote against the ANC and the communists, you no longer have to support the Nats.

If you want peace and self-determination - we have made it possible with a principle on self-determination.

If you believe that a Volkstaat, like an autonomous Kingdom of KwaZulu, is part of the solution, then support the Freedom Front.
