

DON'T BE STEAM-ROLLERED

Once the government is voted into power, the interim Constitution allows it complete control over every aspect of your life.

You'll be steam-rolled.

Avoid domination. Vote for the Federal Party. With your support we can put the brakes on, change the direction of debates and fight for results that are in your interests.

We'll fight for Devolution of

power. So you have real decision-making clout in your regional and community governments.

We'll fight for Direct Democracy, so that you have the power to veto laws you don't like, and to recall corrupt politicians.

We'll fight for a Definitive, unambiguous Bill of Rights. For the removal of the existing clauses which undermine your rights.

Fight for a true Democracy that will give you control over your own life, and the lives of your family. Vote for the Federal Party.
