

The ANC makes promises. Only the National Party can deliver.

The new National Party

The new National Party knows how to make the country grow, to create the jobs, the houses, the schools and the hospitals everyone wants.

Our policies are those of the world's most successful countries. We built the richest economy in Africa.

Today the new National Party represents all South Africans. Which means you can be sure you will also benefit from our policies, our ability and our experience.

The ANC

The ANC and its Civics have yet to run a township successfully, let alone a country.

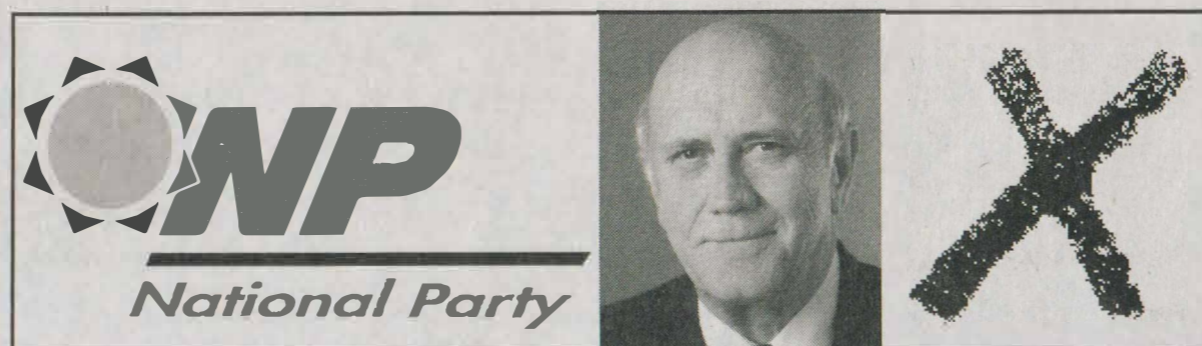

Their policies of nationalisation, communism and socialism have failed everywhere else in the world. They have built nothing.

They have no experience, no proven ability. You can never be sure that the ANC will be able to give you a better life.

Until it's too late.

BE SURE OF A BETTER LIFE
