“I want the best education for my children”

“That’s why I’m voting for FW de Klerk and the National Party”

The NP knows how important education is for our children. It is the key to their future. You want them to make the most of their God-given talents. We will help them do this.

Already the NP government spends R134 million PER DAY on education. Now it will spend more – to build the schools our children need, to employ the teachers and to buy the books.

We intend to make schooling both affordable and available to as many people that require it.

Our education plan includes:

- Compulsory schooling for nine years
- Relevant learning material and curricula
- Schooling in mother tongue for those who want it
- Education level comparable to international standards.

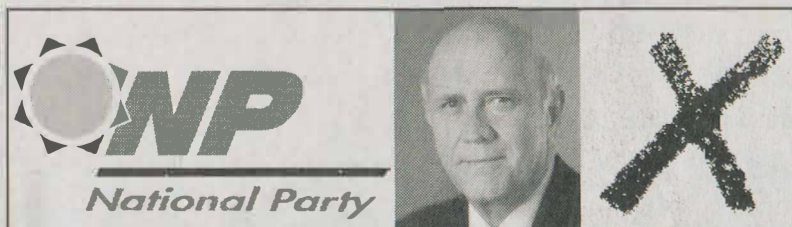

We want ALL our children to have the best that can be provided, because a well-educated nation will be able to hold its place in the world.

But we can only have these things if we can afford them. The National Party will keep the economy growing. This will earn us the money to spend on the schools, the teachers and the books we need.

It’s our future. And our children’s future. It’s safe in NP hands.

BE SURE OF A BETTER LIFE

Vote for FW de Klerk and the new National Party

We’ve made the change
