NEW YEAR.

TheUndertakeris remarking, as a pro-
ducetofthe New Year, that health and
happiness to all our friends, and that
the same year will bring bliss to their
families, and make this year the best
that they ever had, is a very well
meant wish, but it is one which will be
met with in different ways by the dif-
fereutclasses of society, and it is also
true that much of the prosperity that
will be derived from the New Year will
be取决于 its being the last year of
the decade.
