My very dear Mr. Coates,

Enclosed is the carbon copy of what I wrote after our conversation on the 'phone which I am taking to the 'Times' tonight.

Be sure that I shall move heaven & earth to get it

published, inadequate though
it is to express all I would
like to write about the tremendous
amount of work you + your
helpers have accomplished.

My heart aches to think of
the small return I - as a
representative of the Press -
have been able to offer.

Yours affectionately,
Bernice Marx.
