

O wonderful Endeavor

On and on!

O'er mountainous peaks
O'er gentle crest

On and on

Plods Fate undisturbed

Mist and night

Hunger and thirst

Sorrow and suffering

Calm and tempest

Deeply and proud them

On and on!

Humble and fearful
Hesitant and hopeful
Life and death

Defeat and victory

Crush and slate them

On and on!

One staunchly stands

Ever undaunted

Seeing the vision

Never dismayed

By the mocking of men

Never oppressed
By the spectres of night.
One only believes
In this mission sublime
In eternal destiny
In prophetic achievement
One only believes
Through space and
time

On God.
