FURTHER RETURNS.

We append a list of returns received by the S.A. Zionist Federation since our last-published list, and up to and including July 22nd.

A number of centres have still to remit, and they were recently circularised. Many of them, however, have failed to respond even to this second reminder, and they are urged to complete their task without delay, so that we can definitely close the South African sale, and be in the position to place on record the total number of South African Shekel-payers, and thus know what is to be the strength of the South African contingent at the next Zionist Congress, which in all likelihood will take place at the end of this year.

As with previous lists, we give, wherever available, the corresponding figures of last year's sale of Shekolim.
