### German Steel Experts in South Africa

#### DENIAL OF PARTICIPATION IN NAZI PROPAGANDA

**T**HE management of the South African Iron and Steel Industrial Corporation, Ltd., has issued a statement dealing with the position of the 30 German expert steel workers who arrived in South Africa on Wednesday.

The statement reads as follows: "The German expert steel workers were not imported by the Government but by the South African Iron and Steel Industrial Corporation, Ltd., and, contrary to the statement made in the public press, their contracts were not signed by a representative of the Union Government.

"The German expert steel workers have asked that it be made known to the public of South Africa that they deny having participated in any Hitler propaganda on board the vessel by which they travelled, and that they have no intention of doing so in South Africa; that since they have come to South Africa to work, they desire to abide by the laws and customs of South Africa and to work and live in amity with all those with whom they come in contact, and particularly with their fellow workers at the steel works representing different nationalities.

"It is the desire of the German expert steel workers that these points be brought to the notice of the public of South Africa, because they are aggrieved that actions such as those described in the press should have been attributed to them.

"The men who have been imported are all expert steel workers, and the work for which they have been engaged could not have been done by South Africans.

"In order to ensure that anyone in South Africa capable of doing such work should be employed the corporation called for applications in South Africa prior to making arrangements to import any steel workers."

### "VANITIES OF 1933."

The first performance of "Vanities of 1933" will take place on Sunday night at the Jewish Guild. This show is the third one staged by the musical section this year, and promises to eclipse the others. The producer is Mr. Sam Reso (who recently produced "Hot Ice" at the Guild). No pains are being spared with regard to settings, costumes, mounting and effects. Special scenes are being made, and many attractive costumes have been designed. The programme consists of bright sketches, gags, black-outs, snappy dances, songs and concerted numbers. The show is full of gaiety and laughter will be the order of the evening.

### MAMMOTH SHOW AT THE COLOSSEUM.

What is undoubtedly the most elaborate musical show in talkie history is "42nd Street," showing at the Colosseum this week. This gorgeous production, headed by ten stars and a host of beautiful girls, is a veritable pageant of rhythm, mirth and beauty. The fine Colosseum orchestra is presenting a novelty number and there is also an excellent supporting programme.
