

**SOUTH AFRICAN JEWISH
MINISTERS' CONFERENCE**

**To be Opened in Vereeniging on
Tuesday Next**

CHIEF RABBI Dr. J. L. Landau will open a conference of the South African Jewish Ministers at the Isaac Lewis Hall, Vereeniging, on July 27, at 9 a.m. An official welcome will be extended to the conference by the Mayor of Vereeniging, Councillor Sarp. Others who will extend greetings are Col. K. Rood, M.P.; Rev. T. Heath (Chairman of the Vereeniging Ministers' Fraternity), and Mr. A. Klaff (Chairman of the local Hebrew Congregation).

Delegates from Johannesburg are asked to note that the first train to Vereeniging leaves on Tuesday morning at 5.45 a.m. There will be no bus arrangements and all those desirous of attending are advised to make their own arrangements to come either by the early morning train or to arrive in Vereeniging on the previous evening.

It is understood that no individual invitations have been sent out for the conference and all Jewish ministers are asked to do their utmost to be present on this occasion when the whole position of the Jewish ministry in South Africa will be discussed, as well as many congregational and communal matters of importance.

**A YOUTH CANVASS IN
JOHANNESBURG**

A canvass is being organised by the Transvaal Zionist Youth Executive throughout Johannesburg for the purpose of obtaining additional subscribers to the South African "Menorah," the official organ of the S.A. Zionist Youth Council. The following districts will be concentrated on: Berea, Hillbrow, Houghton, Western and Southern suburbs and Judiths Paarl.

The "Menorah," which is the mouthpiece of the Zionist Youth in this country, has experienced difficulties in regard to its financial position. The youth have developed this journal to a fine literary magazine carrying authoritative comment and interesting articles, as well as providing a platform for the interchange of Zionist youth opinion. The future of the magazine, however, depends on the support which it is to receive from the general Jewish community.

THE VACUUM MAGAZINE

The latest copy of the Vacuum Magazine has just come to hand and contains several interesting features. Photogravure pictures of the Cape's beautiful old homesteads are prominently displayed and historical references are made by Mr. C. Graham Botha, the chief archivist for the Union. A non-technical article on the "Progress in Petrol Production" makes interesting reading. The article traces the history of petrol from the time when it was merely a drug on the market to the present day. The popular "Auto-suggestion" feature is continued and an illuminating little article is provided by Belle de Beer entitled "Woman at the Wheel." Copies of this useful publication can be obtained post free on application to the Vacuum Company's offices throughout South Africa. No motor owner should be without this splendid production.

A Musical Evening

On Saturday evening, the 31st inst., a musical evening has been arranged to take place at the Jewish Guild under the auspices of the Jewish United Cultural Front. Mr. Heinz Hirschland will play the piano and Miss Anne Sacks will give items on the violin. Songs will be rendered by Mrs. Lena Morrison. The dramatic studio and choir of the Jewish Workmen's Club will present a one-act play.

DON'T BE SORRY—

Send in your greeting at once for inclusion in our New Year Annual.

**WHAT IS HAPPENING TO
THE BOARD OF EDUCATION?**

(Concluded from page 11).

this work from that of general propaganda. For such plans to be realised, it is imperative that there should be absolute unanimity throughout the community and that all Jewish educational institutions must be co-ordinated and centralised through the Board. There cannot be, if truly effective progress is to be made, a Cape Board and a Transvaal Board. Such division must inevitably diffuse energies and tend to parochialism.

Equally important is full recognition of the financial demand. Board of Education which is posed to represent the whole community must be freed from the financial harassment, which generally vitiates all efforts. This is the community's responsibility. South African Jewry must wake to that fact. The community put aside the philistine criticism which it is unfortunately so prone to and must face the realities of its position obtaining to-day. Systematic Jewish education is a need, not a luxury, and upon the means in which this is realised the fate of at least one generation depends.

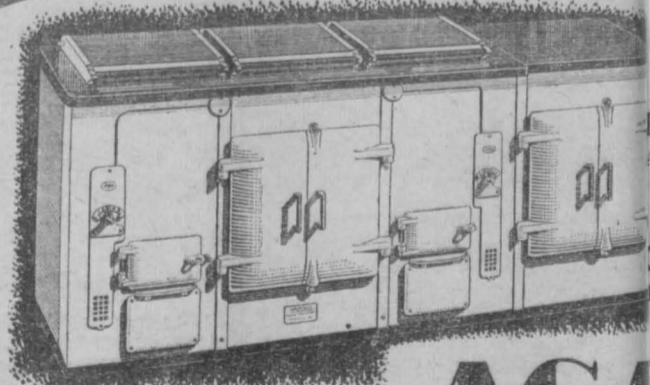

**CHEAPER COOKING
FOR HOTELS, BOARDING
HOUSES AND INSTITUTIONS**

FOR a long time caterers have clamoured for a cooker that would be as economical and efficient as the domestic model of the AGA.

The answer is the AGA "98," a cooker with extra large roasting ovens which cook to perfection, extra large cooking ovens which have absolute constant temperatures, and plates which provide the overall cooking surface (6 sq. ft.) that the Chef demands. Above all, the AGA "98" is guaranteed maximum fuel cost, burning continuously and night!

It took two years of exacting experiment to produce this large scale AGA Cooker, but it will take you only a few minutes to learn all about its many money and labour saving advantages. No matter how big your cooking requirements, the AGA large scale range will easily cope with them. If you cannot call, send for our free catalogue TO-DAY!

INSTALL AN

This is the AGA large scale model "98." Other models for every cooking purpose.
