

## IN AND AROUND THE PENINSULA

### **Bnoth Zion Association.**

The monthly "At Home" of the Bnoth Zion Association (which is being held on every fourth Thursday of the month) took place on the 24th inst. at the Zionist Hall.

Mrs. Movsovic presided, and in introducing Dr. Steinberg said that it was fortunate for South African Jews that owing to their being endowed with more peace and prosperity than their co-religionists in many other countries men of outstanding personality like Dr. Steinberg were coming out, and they had the opportunity of listening to them and benefiting by their scholarship and particular experience.

Dr. Steinberg then delivered a lecture on "Modern Jewish Culture in Eastern Europe." He defined the meaning of culture, and said that the culture of a people meant not only what was written in books but its attitude to life and death, to the problems of life as well as to its minor expressions. Dr. Steinberg then dealt with the various social movements among Jews of Eastern Europe, referring to Zionism as having taught the Jew to hold his head high, and to the Chalutz movement as its healthiest outgrowth. He then went on to the poetry which is being written by young men and women in every continent where there is a Jewish press and read some beautiful poems, including one translated from the Hebrew of Shimenowitz of Tel-Aviv.

Miss B. Lewis very eloquently expressed the thanks of the audience to Dr. Steinberg for the truly edifying hour everyone felt he had given to them.

The thanks of the Committee are due to the Maitland Branch for arranging the tea.
