Autobiography of S.A. Jewess.

BERTHA SLOSBERG'S
"PAGAN TAPESTRY."

"Pagan Tapestry," an autobiography by a young South African writer, Bertha Slosberg, was recently published here and received extremely good reviews in the Press.

Already the wholesale orders for the book have been doubled, and it has been selected as one of the books of the day by such newspapers as the "Sunday Observer."

Though only twenty-eight years of age, the author has experienced an astounding variety of adventures since her earliest youth. In 1921 she left Lithuania for South Africa where she has had a varied career; her greatest venture was to become impressario to African native actors, singers and dancers whom she has also introduced to audiences in London and the provinces.
