Pnina Salzman's Farewell Recital.

Pnina Salzman, the well-known Israeli pianist, scored another great success when she gave her Farewell Recital in Cape Town before a large and enthusiastic audience in the City Hall on Tuesday night.

The first part of the programme consisted of Schumann's Etudes Symphoniques and Cesar Franck's Prelude—Choral and Fugue. These were excellently played, especially the latter work, which makes great demands on the artist's technical skill and interpretative powers.

A group of compositions by Milhaud and Debussy followed, and the final work was Moussorgsky's Pictures of an Exhibition, each of the eleven "pictures" being vividly portrayed. Miss Salzman received a great ovation and in response to insistent applause gave a number of encores.
