

Inl: Gehiedenis met eerste konferensie - mag dit d. begin meer van groter dringe. Gemeldige taak in Afrika.

1. Belang van Bybelverspreiding: Bly d. grootste evang. taak op aarde - d. basis van alle sendingswerk. Opsonde geen ander send. werk moontlik
2. Belang van Lekebeweëing in I.K. - Aksie:
Groot taak G.I. en uk. wat hulle stel tot aktivering v. alle gelowiges
3. Waarom G.I. nie meer niging in S.A.:
 - Organisasie aan baie kerke, I.K. en bekend
 - Kees in gedokt. Bybel
 - Fear of movement emanating from USA.
4. Task of G.I. in S.A.
 - Will be interesting to get full information on scope of achievements in S.A. - how many institutions supplied with Bibles -
 - The possible opportunities available

5. Special responsibility towards Non-Whites:

- Unexploited field: Campuses, hostels, institutions. Possibility of supplying schools (steps already taken in drive by Bible Society). Wrong impression of thousands of Africans that Bible is book of white man -

6. Follow-up of distribution:

As business-men your promise is always: what will be the dividends on my investment?

I believe that any organisation taking up such an important work must make a thorough and full probe in results of your labours:

Distribution not enough - what about the application: the use made of the Bible?

What is furthermore needed: corporate Bible study of Christians of diff. churches -

- Bible weeks in Britain

- Possible action through representation

by G.I. or by individual members
