

We had to engage the services of a quantity surveyor (on Charles Storr's advice) to ascertain where the delay was or who was causing it. It was worth the effort. We now have a programme clearly stating exactly who does what and when.

We anticipate, if everything goes according to plan, moving into our new offices in early October.

Charles Storr was at the offices recently and we have managed to get all the quotations together and now it is just a matter of deciding which companies we are going to use.

We have now decided on a colour scheme which is as follows:

Exterior walls:	PINK
Interior "	LIGHT GREY
Furniture:	GREY FORMICA
Carpets:	GREY
Seating:	BLUE
Blinds:	GREY
