

Dear Bruce,

herewith a cassette.....PLEASE Listen carefully, I KNOW that the numbers THINGS WE USED TO SAY (sub-titled WRITE ME A LETTER) ~~X~~ and JUST ANOTHER LOVE SONG, both by Edi Nederlander will be winners done by someone someday.....and that could be you. Sales pitch aside.....these numbers simply (simply) spell hook all over them.

BOOKS AND PLANTS is your typical '5' minute song/novel but a goodie all the way. Worth a listen if you can afford the time...then listen again. That's all that my interest you. This tape is essentially our 'country' stuff (Except for STARSHIP)....and we have lot's more. Trouble is I know that if Allan and Co can't get the copyright for their company (publishing that is), then they are not 'that' interested. We've given too many artists and numbers away to loose the few we've got left.....

Good luck for Criterion and choose another 'hit!'.....regards, David.
