Dear Dave,

I am writing this at Mike Popham's. We recorded yesterday - Hoddle Twaddle, Smithy's Elegy, New Stanley Grill, A Night to Remember (Biko) and Ive got my Rights. I am putting the CD in the post to you this morning on my way back to France,

I think I shall be home again, briefly, in August, around the 11th, to deal with mail etc at Rock House computer but surface mail is being forwarded to France until mid-September when I must return to start gigging.

I hope things will come together for November. The plan remains to do the NZ tour up to Nov 6 and then fly to SA for approx 20 days.

Mike sends regards and hopes the songs will fill the gap in the JT archive!

Best wishes to you all,

Jeremy
