Report on SAMP Festival.

The Swedish-African Museum Programme entitled Music from the Villages featured Zamekile Nkomo and his 5-piece maskanda group in concerts and workshops over a 3-week period in Stockholm and Malmo.

The participation of these unemployed musicians from Inanda was a great success and further opportunities may arise for the group and for 3rd Ear.

A recording contract with a Swedish company is possible.

A Peter Rorvik photo of the group was used on the festival poster.

3rd Ear received a total of R1880 for agency services and pre-tour negotiation and co-ordination.
