THE following are the leading principles of this

Establishment:—

It having been agreed by the Shareholders as an irrevocable  
clause of the Deed of Settlement, that it shall never

become a Bank of Issue, consequently it is free from all

control of the Legislature, as not interfering with the

currency of the Colony.

Its numerous Proprietors consisting of so large a portion

of the Capitalists of this Colony, ensures the most unde-

niable security to its customers.

It observes inviolable secrecy as to the accounts of Indivi-

duals, a declaration in writing to that effect being signed

by all persons connected with its management;

It affords every possible facility and accommodation to the

public within the bounds of prudence and caution.

It pays interest on such monies as remain for certain time.

It gives the Proprietor who keeps an account with the Bank

the advantage of realizing a profit out of his own trans-

actions with it.

Interest is allowed by the Bank on fixed deposits in sums of

£25 and upwards at the following rates:—

For 3 months and under 6 months at 3 P.C. per annum.
