RANSOME'S IRON Ploughs & Harrows,

PER "PERSIA."

VENNING, BUSK, & CO.

HAVE received a few of these CELEBRATED PLoughs and HARROWS, similar to those imported last year, and which gave so much satisfaction to all who obtained them.

They are for sale at the following low prices—extra Shares, and Duplicates of several parts, can also be obtained, if required.

SINGLE FURROW PLoughs, Y.L., 2 Wheels, Coulter and Shares, ready for use £8 0 0

DOUBLE FURROW PLoughs, Y.R.R., Wheels, Coulter and Shares, ready for use, £12 10 0

HARROWS.—Wrought Iron, complete, and ready for use, £8 0 0

The First Prizes having been awarded to these Ploughs at the last Caledon and Swellendam Ploughing Matches, will serve to show the high estimation in which they are held by the enterprising agriculturists of these districts; and their PECULIAR SUITABILITY and GREAT ADVANTAGE over other descriptions of Ploughs, for this Country and Climate is further exemplified by the facility with which, from their great strength, and at the same time lightness of draught, they penetrate the hardest ground and the very effectual and highly satisfactory manner in which the soil is worked by them.

They obviate the necessity that has hitherto been felt so much, in waiting for heavy rains, to soften the ground, and the great delay, loss, and inconveniences arising from this interruption to Ploughing, is quite done away with by using them.

An early application is requested, as there are not many, and the moderate price, compared with that of other Ploughs, will ensure a ready sale.

16 and 17, Burg-street, Cape Town.

American Ploughs.

THE Undersigned has received per Consul, from Boston, a further supply of the above Ploughs, all sizes, which, for utility and economy, are already proved to be the best adapted to this Colony. Spare Shares for each Plough, much reduced in price.
