

PARLIAMENTARY.

VOIE FOR JAMES MORTIMER MAYNARD.

To the Electors of the Cape Division.

GENTLEMEN.—At a meeting, held in the Supreme Court on the 19th inst., for the purpose of nominating Members for the House of Assembly for the Cape Division, I was proposed by J. J. L. SMUTS Esq., seconded by H. C. JARVIS Esq., and declared duly elected by the largest show of hands, but as the Poll was demanded to determine who is to be the successful Candidate.—I now take the liberty to request the favor of your vote to secure my election. In thus soliciting your vote I allow me to say, that I advocate Public Works and Improvements, such as Rail Roads and others, for facilitating the trade and commerce of this Colony, but oppose the present system of exclusively taxing the land for that purpose. I believe if there be economy and better management the general Revenue will be sufficient for the purpose, but, if not, a small addition to the Customs, or some other tax which would affect the whole community, ought to be substituted.

It has always been my opinion that whatever sums of money are voted for Ecclesiastical purposes, should be distributed among all the various Churches according to their numbers, without reference to sect or party.

If elected, I am determined to promote just and equitable legislation, irrespective of party or sect in either Church or State.

I have the honor to be, Gentlemen, Your most obedient servant, J. M. MAYNARD.

Maynard Ville, Wynberg, 21st April, 1854.

Election of Thos. Watson, Esq.

To the Free and Independent Electors of the Cape Division.

GENTLEMEN.—The COMMITTEE appointed to secure the return of the above named Gentlemen to the House of Assembly, feel that they would be failing in their duty to him and to the Electors, if they were to neglect to bring forward some of his claims to public support. And without any desire on their part to detract from the merits of other Candidates, they cannot refrain from expressing their opinion of Mr. WATSON'S eligibility and fitness to perform the duties of a Representative of the people in the approaching Parliament. They ground their opinions on his known independence of character, his experience in agriculture and commerce—two pursuits so mainly essential to the welfare of this and every other country,—his desire to develop the resources of the Colony in every legitimate and proper way,—such as the formation of docks and railroads, in both of which he has already taken so warm an interest, and which will have a mighty effect in advancing the comfort, happiness, and prosperity of the whole community. These are a few of the reasons brought forward by the Committee, which warrant them in recommending Mr. WATSON to the Electors, and in soliciting their suffrages in his favour. The Committee feel confident that, if Mr. WATSON (who has been induced to stand at the urgent solicitation of a large and influential number of the Electors) be returned as a Representative for the Cape District, the Colony will find in him an able and honest legislator,—one who will manfully support such measures as will tend to the interest and advancement of the Colony, and the benefit of all classes of the community.

By Order of the Committee, JULIUS MOSENTHAL, Secretary.

CAPE DIVISION. Rustenburg, Rondebosch, April 21st, 1854.

To the Electors of the Cape Division.

GENTLEMEN.—On Wednesday, the 26th instant commencing the Polling of the Members for the House of Assembly, and at the request of some friends I now give publicly a brief statement of my opinions upon some of the subjects most interesting to you. Before doing so, however, I beg to state that I think it is the duty of every Member of the Assembly to take into consideration the interest of the whole Colony, and not of his particular constituency alone, and that, if elected as one of your Members, shall feel it my duty to take into consideration the interest of the Colony generally. There may, however, be some measures which particular constituencies may require their representatives to support.

I am a true friend of Education, and shall support all measures tending to promote its diffusion.

With regard to Roads, &c., although much has been done by the Central and Divisional Road Boards, much more has yet to be done; and I am of opinion that it is for the interest of the Colony, that great Public Works, Roads, and Harbours, should be promoted in every part of the Colony. I am also favorable to the construction of Rail Roads.

Labour and Emigration.—This will require the serious consideration of the Assembly. It is impossible for the Colony to go on without an increased supply of labour. This is absolutely necessary, and it will be the duty of the Assembly to endeavor, by all means, to make some provision for the purpose. But it would, in my opinion, be unjust to pass any enactment to compel the labourers to work at a fixed price.

I am of opinion that there should be no distinction between white and black, Dutch and English; and that justice be administered to all, of every class, race, or origin.

I am also of opinion, that the necessary revenue should be derived from taxes, that fall equally on all classes.

I shall not at present advert to other questions to which the attention of Members of the Assembly will be directed, but shall be prepared to give you further elucidation of my opinion as may be required of me. I can only generally state, that if elected as one of your Representatives, I shall act according to my honest conviction, for the welfare of the entire Colony, of which the Cape Division is a part.

In conclusion, I beg to offer my thanks to the Gentlemen who have by their personal attendance, on the 19th, before the Returning Officer, proved their determination to support me as one of the Representatives of your Division. Trusting that I may, if elected, prove myself fully worthy of the confidence you have placed in me.

I have the honor to be, Gentlemen, Your most obedient servant, M. J. LOUW.

To the Electors of the Cape Division.

FELLOW COLONISTS AND FRIENDS.

TAKEN entirely by surprise on the requisition of a number of my brother Farmers to stand on their behalf for nomination to a Seat in the House of Assembly, and having done so I must now stand my ground. I feel flattered and grateful for the liberal support already offered to me from every quarter of the division. Brought up as a plain Farmer, I have but little to say, considering words but I am sure, that should you think fit to elect me as your Representative, knowing as I do pretty well, from long practical experience, that there is much room for amendment in some of our laws and institutions, particularly those bearing upon Agriculture, Road-communication and Industrial Education of the people, besides the want of any other improvements to promote the prosperity of the Colony, I shall be ready when three or other subjects are brought before Parliament to support such measures only as I conscientiously believe will be for the good of all, without distinction or favour to one party more than another.

I have the honor to be, your Ob. Servant, J. PROCTOR.

To the Electors of the Division of the Paarl.

Who have signed the Requisitions to Messrs. JOHAN GRO. STEYLER, Esq., of Cape Town, and PIETER FREDRIK RYK DE VILLIERS.

IT is of importance that a man in all his dealings should know what he is about. It is particularly of importance, when these dealings are of a public nature, and such important nature as the election of Representatives of the people.

One should then, before affixing his name, know whether the person for whom a requisition is signed are those fit, for these situations,—not whether they are Latin scholars, but that is no matter; but if they have the knowledge, and are taught by experience, what laws do not work well in our Colony, especially as regards the Agriculturist, so as to be able to advocate the improvement thereof; and if they possess sufficient presence of mind, and are capable of speaking, so as to discuss the subject's brought forward, immediately to express their opinions, to be consistent and not allow themselves to be moved in whatever direction the wind may drive them.

With the most of them, neither good will nor honest intentions are wanting; but ignorant of the true state of affairs, they are easily led by the commission of acts, which, however sincerely meant, end in nothing less than dishonesty and deceit.

This again appears from the fact, that some after having signed the Requisitions for Messrs. P. F. DE VILLIERS and J. G. STEYLER, G. Soer, have on application of others, signed a third, and even a fourth requisition.

Those who in this manner wish to obtain one's signature, avail themselves of all improper means, which can only have weight with the ignorant; for they say that every person is at liberty to sign for as many persons as they think proper. Now the case is this: each voter has but two votes, and no more. He binds himself to give these two votes to two persons, who, on their side, bind themselves, should they be elected, to accept their election.

It is a contract of reciprocal promises and obligations. You promise your vote. The person elected by you accepts the requisition, calculating on your vote, so as not, without any guarantee, to expose himself to all sorts of displeasure and mockery, should he not be elected, and the votes in his favour not be sufficient.

It is true, the court will not punish you because you have given your votes to a person other than him for whom you first signed; but you have only two votes, and no more. For whom have you signed, you who may elect two persons, but have forwarded requisitions to three or four?

It is clear that you contradict yourself. But further, you deprive of your support the two persons whom you wish to be elected, and to whom you have promised the same. You are not true to your first signatures; you break your promise, although it be with the most honest heart in the world!

Do not allow yourselves to be misled; know whom you elect, and stick to your promise, once made. You Voters, therefore, who have first signed for Messrs. J. G. STEYLER and P. F. DE VILLIERS, keep your word, and vote for no other persons than for these Gentlemen.

By order of the Committee for said Gentlemen, A. P. HIEBNER, Secretary.

JOHN BEGLEY, Esq., G. HEISE Hon. Secretary.

To the Electors and Burgers of Cape Town.

AMIDST the mighty and increasing agitation to secure the election of members for the House of Assembly, Dr. BICCARD'S Committee venture to propose their candidates also.

The above Committee beg to submit the following recommendation to the public. It is well known, that Dr. BICCARD has had a lengthened and successful career in England, France, Holland and Germany, and has since practiced for several years in this Colony. This is a guarantee that he has had considerable experience in many matters for which his professional position offered so many opportunities, and thus was placed in a situation to become acquainted with the wants of all classes, both in town and country, and to point out the sources of wealth, not as the result of his own ideas, but on the basis of the matters themselves. Endowed with such professional and practical knowledge, we dare venture to recommend our candidate for a seat in the House of Assembly, and we trust that many electors will be induced by similar consideration to give him their votes.

To this end we kindly, but conscientiously, solicit your votes for our Candidate, P. L. C. BICCARD, M. D.

By order of the Committee, G. HEISE, Sec.

House of Assembly.—Dr. Abercrombie.

DR. ABERCROMBIE'S Committee, in requesting the support of the Electors of Cape Town and Green Point, would beg to refer them to the Doctor's excellent reply to the Requisition presented to him, to allow himself to be put in nomination, as one of the Members for Cape Town.

The character of Dr. ABERCROMBIE is too well known to require commendation from his Committee. He has been a resident in this Colony for very many years, identified himself with its interests, and intends to spend the remainder of his useful life amongst us. He has never been the friend of the poor and needy, a steady supporter of every religious, educational, and charitable institution in this City and neighbourhood, and an independent asserter of the rights of his adopted country.

By Order of the Committee, GEORGE C. DODD, Secretary.

Parliament—Legislative Assembly.

Election of Mr. Saul Solomon.

THE Committee for securing the Return of Mr. SOLOMON to the House of Assembly desire to urge upon the Voters of Cape Town to claim to a share of their Suffrages at the approaching Elections.

In addition to the general political views which have already been expressed by Mr. SOLOMON, in his reply to the requisition presented to him, the Committee would beg leave to bring to the notice of the Electors his past and present history, and his existing local attachments.

These qualifications, with the enterprising spirit and energetic character of Mr. SOLOMON, render him, the Committee submit, eminently fitted to support, with credit to himself and advantage to his Constituents, the position of one of the Representatives of this City in Parliament.

Karremelis River, March 15, 1851.

SIR.—The Undersigned, inhabitants of the district of Swellendam, will esteem it an honor to be allowed to elect you as their representative in the House of Assembly.

Known to us as an individual with a true love of our native country,—animating by his noble sentiments for the welfare of your constituency,—adorned with thorough knowledge, and, above all, guided by a bold and independent spirit,—you will venture to flatter ourselves, prove a vigilant and indefatigable defender of our rights, and be ever ready to devote talents to the benefit of our real and most sacred interests.

In the hope then that this our requisition to become the representative of the district of Swellendam in the House of Assembly, may receive a favorable reply from you, we have the honor to be, with the most profound respect,
Your obedient Servant
(For signatures See Dutch)

Josephus Fontein, Riversdale. 21st April, 1854.

To C. J. Uys, Msa., Fieldcornet, C. J. Uys, Psa., Old Fieldcornet, P. J. Uys, Ga. P. R. Fournie, D. de Bruyn, G. H. Wessels, Esq., and the other 55 respectable Landed Proprietors and Farmers who have signed the Requisition to me.

I answer I beg to state that I have received the Requisition, dated 15th March, on the 16th instant, accompanied by a letter dated 11th instant, of a certain friend who had received it to be published, for your information, pretending in his letter, that the publishers of the news papers had refused to cause the same to appear in the papers, this said friend could have taken into the bargain. It is not only to lay blame on the independent Editors of the newspapers, but also to show a disregard to all respectable farmers who have placed their choice and confidence in me; little expecting perhaps, that he has thereby been marked by you all as well as by myself.

Now, my esteemed fellow colonists, it was not only flattering to me to receive testimonials of the kind and confidence, but also to make me highly sensible about the interests of our District. Which confidence is fastened towards me, a humble individual by my countrymen; since in my answer of the 7th inst. I have so kindly requested my former Requisitionists to be excused,—and have, moreover, three days before the 15th day, which was fixed, requested some of my friends who came in person to ascertain my opinion, not to take any further steps in the matter, as far as I was concerned, since they have, in my opinion, taken the trouble to undertake journeys of 12 hours to Swellendam, to claim a polling for me, and have endeavored to comply to all that was required. Every one, who ever has, may be, please to take this into consideration. Could it be possible for any one to withdraw therefrom and fail to comply to such wishes?

I can truly say that I cannot find words to express my thanks for the honor and confidence conferred on me, so unasked, so unexpectedly, by such a number of respectable men, as I had not in any way the intention to place myself in that envying position, to see myself nominated as a Candidate for Representation of this important District, and to compete with men of a higher standing, able than I am, and already nominated. And it would be a matter of extreme regret to me if I should thereby be in the way of any one. And, moreover, I consider myself far from being fit for that important situation which, as it appears to me, is intended, with a fixed confidence to confer upon me.

Though it has already been done, yet there is still time for you all to ask yourselves, whether there is no one else who has more claim on your votes than I have. Do not give your votes, for any reason, to any one who may be your friend or private benefactor; nor withhold your vote from any body, because he may, perhaps, happen to be your enemy; but endeavor to elect independent men of honest conduct, tried principles, and who have already looked to the welfare of the community of whatever class. No covetous, selfish man, such as are not to have the preference of your votes. To conclude, my dear countrymen, I leave it entirely to you to dispose of my person as you may think proper. If I may be elected, I shall endeavor, as much as shall lay in my power, with the help of Providence, to persevere in that arduous duty that shall be conferred upon me without fear or scruple. May I not be successful by your endeavours, I will feel satisfied that those who are elected in preference to me, are of more use and value than I am. As my name and conduct are too well known in this District, I should be sorry if some of my friends who intend to secure me, do this through any means, or to use any one else for such means; as for instance, to say, who shall

purchase your ox or ass, or whence shall thou get credit, or where are you assisted, if you are in need, or you shall now be obliged to pay your debt, if you do not vote for him; it would be a regret to me, if I shall or might hear that such and similar sayings were practised to bribe the weak. No, as for my part, it must be left to the free choice of the voter for whom he will vote. And pray let me assure you, of my best wishes for happiness, for blessing, and prosperity to the whole community. I am, with true and attached esteem,
Your sincere friend,
J. W. SMALBERGEN, Esq.
