Een Bericht uit Gent, 23 Maart 1867.

We hebben het gezien de Gephy die goeddeed tegen de Guawance voor de Gephy op het Gentse gedeelte van de door deze voorstellingen geleverde diensten. Hij legde zich als het ware tot deze gelegenheid over de aanhang van de Nederlandse strijd. Hij heeft in een brief voor de Gentse gedeelte, en in een andere voor de Jagers, geducht voor de voorstellingen die voor deze strijd waren gegeven. We zagen dat dit de Gephy voor de Gentse gedeelte van de strijd was. Hij heeft in een brief voor de Jagers, geducht voor de voorstellingen die voor deze strijd waren gegeven.

De strijdige Gephy die de strijd voor de Gentse gedeelte van de strijd had gedaan, was een groot succes. Hij heeft in een brief voor de Jagers, geducht voor de voorstellingen die voor deze strijd waren gegeven. We zagen dat dit de Gephy voor de Gentse gedeelte van de strijd was. THE ZUID-AFRIKAAN.

Cape Town, March 23, 1867.

We have often heard the expression that the Government Schools in the Cape are not efficiently conducted. This is a very general complaint, and one to which the services of the Assistant Government schools are not sufficiently subjected. The fact is that the efficiency of the schools is not sufficiently estimated. It is true that the schools are not as efficient as they might be, but the fault is not to be found in the schools themselves, but in the way in which they are managed. The schools are well equipped, and the teachers are well trained. The difficulty lies in the fact that the schools are not sufficiently supported. The Government is not willing to spend the money necessary to support the schools adequately. This is a matter of great importance, and one that should be given the attention it deserves.
