## PUBLIC SALE OF THE WELL-KNOWN POWERFUL WATER-MILL

### "TWIST NIET,"

## AND 6 HORSE-POWER STEAM ENGINE,

WITH

## Store-Room for about 5,000 Muids of Wheat,

AFTER UNDERGOING THOROUGH REPAIR.

Mr. JONES has been instructed to sell by Public Auction,

## THIS MORNING, THE 25TH MAY,

AT 11 O'CLOCK PRECISELY, ON THE SPOT,

THIS VALUABLE PROPERTY, which holds out unrivalled advantages for the investment of Capital, and will be offered for Public Competition, with LIBERAL BONUS.

The Premises can be inspected any day previous to the Sale. THE WATER MILL is the most powerful and complete of any in Table Valley; the Wheel being 28 feet in diameter, 5 feet broad, with Cast Iron Shaft and Centres. The Internal Machinery, of corresponding strength, is fitted for driving two pair of 4 feet and one pair 3 feet 8 inch French Burr Mill-stones; a Flour-dressing Machine with 18 inch Cylinder, 6 feet 6 inches long; a Wired Cylinder, Corn Screen, Sack Tackle, &c.

The MILL, ENGINE, and MACHINERY have recently undergone VERY EXTENSIVE REPAIRS, no expense having been spared to put them in perfect working order. These Repairs include new Step and Journal Brasses, new Cogs of Olive and Ironwood throughout, and upwards of 450 feet of new Watercourse, partly on Hard Bricks and Cement, with 800 feet purely of Teak, raised on columns of substantial Masonry.

The STEAM ENGINE, which can at pleasure be connected with one pair of Stones, and the Dressing Machine, is now in perfect working order.

The GRANARIES, forming part of the Main Buildings, of more than one hundred feet in length, are second to none in the Colony, being Under Slate Roof; the Walls being built of Stone and Hard Bricks, laid in Lime and Cement; the Floors and Beams, of the best Memel Timber, are of extraordinary strength, all showing that no expense has been spared in the construction of the Buildings.

About two years ago, the mere Machinery, without the Buildings, was valued at £3,000 by a Sworn Appraiser; since which, the whole have undergone very Extensive Repairs, at a considerable expense.

The Lease under which this Property was let for five years, at the rate of £300 per annum, having been cancelled, it is now offered for Sale, on terms which will be found deserving the attention of Capitalists and men of Business.

The value of this Property has been greatly increased by a recent Judgment of the Supreme Court, whereby the Mill has obtained a clear and undisputed right to an abundant supply of Water.

The Water-power, which surpasses that of any Mill in the Colony, may be worked with peculiar advantage at this Season of the year.

The former Proprietor of "Twist Niet," it is well known, retired with a handsome fortune, acquired during the short period of four or five years.

As a safe and profitable investment for Capital, holding out advantages which rarely occur, it will be found deserving of particular attention. The terms of payment will be extremely favourable to the Purchaser.

A plan and Diagram of the Ground, with Elevation of the Buildings, can be seen at the Commercial Exchange.
