1. THIRTY-FIVE BUILDING ALLOTMENTS,

BEING the greater portion of the Estate "NEDER HORST," situate in the
Gardens, between Orange, Kloof, and Rhede-streets, admirably adapted for the
erection of suburban Villas, now so much in demand,—some portions of the Ground
being excellent Garden Soil, and other parts containing fine Stone for building
purposes. The Leeuwenhof Stream flows across this Ground.

This is a rare opportunity for securing sites on which to build RESIDENCES
within an easy distance of the centre of Business, to be reached by a pleasant walk
through the Government Gardens and Grey's Pass—the salubrity of the neighbour-
hood being too well known to need any comment.

2. THE PLACE "LEEUWENKUIL,"

divided into EIGHT BUILDING LOTS, facing the Main Road, near the Bridge,
the top of Kloof street, also well adapted for building purposes.

The Ground measures about One Acre and a Half, and yields the finest Clay for
Brickmaking. There are two large Dams, in which an abundant supply of Water
can be collected to serve the purposes of the Brickmaker.

Refreshments will be provided.
