The Premiums are payable yearly in advance, or at the option of the Assured, half-yearly, with a slight increase of rate.  
This being a MUTUAL ASSURANCE SOCIETY, the profits are not as in Proprietary Companies, divided between the Partners and the Assured. The whole belong to the Policy holders.  
The Profits are divided among the holders of Policies at the termination of every period of THREE YEARS, and each holder may determine that his share shall be added to the sum assured by him, or taken into present payment, or applied in reduction of the future annual premiums payable by him.  
The last Division was declared at the Annual Meeting held on the 6th July, 1869. The Profits then divided were at the rate of 24 per cent. per annum, or 74 per cent. for the three years. Thus a Policy of £50, taken out before 1st November, 1865, has £37 10s. 6d. three years' Profits added to it; a Policy of the same amount, taken out before 1st November, 1867, has £42 10s. 6d. one year's Profits added; while the whole accumulated Profits on a Policy of £50, taken out in 1842, the first year of the Society's existence, now amount to the large sum of £11 0s. 4d.

The next Division of Profits will take place in July 1871.
