The Premiums are payable yearly in advance; or at  
the option of the Assured, half-yearly, with a slight in-  
crease of the rate.

This being a Mutual Assurance Society, the  
profits are not as in Proprietary Companies, divided  
between the Partners and the Assured. The whole  
belongs to the Policy holders.

The Profits are divided amongst the holders of  
Policies, at the termination of every period of THREE  
YEARS, and each holder may determine that his Share  
shall be added to the sum assured by him;—or con-  
verted into present payment;—or applied in reduction of  
the future annual premiums payable by him.

The last Division was declared at the Annual Meeting  
held on the 6th July, 1869. The Profits then divided  
were at the rate of 2 1/2 per cent. per annum, or 7 1/2  
per cent. for the three years. Thus a Policy of £50, taken  
out before 1st November, 1865, has £37 10s. three  
years' Profits, added to it; a Policy of the same amount  
taken out before 1st November, 1867, has £12 10s.  
one year's Profits, added; while the total accumulated  
Profits on a Policy of £500, taken out in 1845, the first  
year of the Society's existence, now amount to the large  
sum of £411 0s. 4d.

The next Division of Profits will take place in July  
1871.

Persons proposing for assurance will be required to  
produce Certificates of Baptism, or such other proofs of  
age as the Directors may deem to be satisfactory.

Candidates for Assurance are not charged with fees  
payable to the Medical Officers of the Society.

Prospectuses, Forms of Proposals, and information  
respecting the Society may be obtained at the Office in  
Cape Town, or at any of the Agents throughout the  
Colony.
