It may be asked reasonably enough—"of what practical use is Civil Imprisonment?" It does no good either to the object of it, or to the creditor. For instance, a hard creditor who presses a man to the utmost...

It is not to be supposed, of course, that instances do not occur in which Civil Imprisonment in this Colony is not justifiable and well merited, nevertheless a distinction ought to be made between the swindler and the honest and striving man...

WENTZEL, who was tried at the Eastern District Court on Monday, for fraud and theft, has been acquitted on the first count, but is now being tried on the second count. The trial is still proceeding.

THE MAIL STEAMER.—According to present arrangements no steamer will be despatched by the Union Company for England on the 4th proximo, but that the Himalaya, which will leave about that date, will take a mail at the same rates as the ordinary mail steamers.

MUNICIPAL ELECTION.—The names of candidates eligible as Commissioners of the Town Council, are to be sent in to the Secretary by Thursday, the 2nd August. Any two householders, duly registered as such, are entitled to nominate three landed proprietors as councillors for their district.

SALE OF DIAMONDS.—Messrs. Jones & Co., held a sale on Saturday of colonial diamonds, which realized as follows: Two small diamonds, each 12.61 each, one small diamond at £1 11s., one diamond 1 1/2 carat, at £3 2s. One large diamond weighing 1 1/2 carats was offered for sale, but as only £220 was offered, it was declared not sold.

As a number of persons are now going to the diamond fields on the banks of the Vaal River, it is well that it should be known that those whose lives are insured in the Mutual Life Assurance Society must pay a premium of 1/2 per cent on the sum assured before they can do so, without risking the validity of their life policy.

ARRIVAL OF THE "DONEGAL."—Her Majesty's screw steam frigate Donegal, Captain Miller, R.N., arrived in Simon's Bay on Saturday evening from the East. She left Singapore on the 8th June, and after on the 13th, and is bound to England. She has merely put into Simon's Bay for coals and supplies.

ROBBERY.—On Monday night the shop of Mr van Riet, situated in Stone-street, near Caledon-street, was broken into during his absence at his brother's wedding. It appears that a policeman who was on duty in that street on Monday night happened to see a boy get over the wall at the back of Mr van Riet's house with a bag at his back.

ENTERTAINMENT AT THE CATHOLIC HALL.—This evening last, the St. Alroyus Hall, St. John's street, was a complete scene. The hall was crowded, Mr. Advocate Cole in his usual happy way gave an excellent reading, and so did Mr. Advocate van Breda. The musical part was well rendered, Mr. Darter performed an excellent piece of his own composition—on the piano.

ROBBERY AT THE BOTANICAL GARDENS.—Some time during Monday night a robbery was committed at the Botanic Gardens, and serious damage inflicted on several valuable plants. It would seem that the guilty parties effected their purpose after midnight, for Mr Layard resides close by, was up till that hour, and heard no noise.

THE LATE GALES.—SHIPPING DISASTERS. The late violent gales experienced off this coast have been very disastrous to the shipping. Already several vessels have put into this and other colonial ports in a disabled state, and we hear that many others off the coast are in a like predicament. The P. E. Telegraph reported the arrival in Algoa Bay of the May Queen and the Burmah, both damaged.

this morning a tremendous thunderstorm took place. The lightning struck a house at the North End, but no one was injured. Amazea arrived with coffee, from Rio. SATURDAY.—Weather unsettled. Heavy squalls on.

MONDAY, 4 P.M.—No appearance of Himalaya GRAHAM'S TOWN. SATURDAY.—Emmet was tried a second time on account of the jury first empanelled not agreeing, and being discharged. The verdict of the fresh jury was "not guilty" on the charge of theft. Mr Emmet is to appear next session to take his trial for fraud, bail being accepted.

EAST LONDON, SATURDAY.—Himalaya arrived from Mauritius on Thursday morning, and proceeded to embark troops. About noon a gale sprung up, and the bar became unsteady. Himalaya went to sea. Returned this morning, and is now lying to outside. A number of officers and men have yet to embark. Gale abating.

being still strong from the north-west they did anchor till the evening. They proved to be the Dutch bark Estafette and the English bark Alma, both damaged and leaky. They had been in company for several days; the Dutch captain having requested the English captain to remain near him, as his vessel was making a great deal of water and required constant pumping.

The Estafette is a Dutch bark of 444 tons, D J Oopkes, master, from Tjilatjap, a small port in the island of Java, May 30, bound to Amsterdams, with a valuable cargo of tea, coffee, tin, &c. The captain reports having experienced very heavy weather on the 20th June, off L'Agulhas, which lasted to the 13th July, during which she lost her bulwarks, sprung her rudder head, had the decks smashed in, and sprung a leak, which necessitated all hands being kept at the pumps.

General Intelligence.

SENDING BAD MEAT TO THE LONDON MARKET.—At Guildhall, on Thursday, Mr Joseph Rye, and extensive farmer, residing at Ithlingborough, Northamptonshire, was summoned, before Sir Robert W. Carlen, for sending the carcass of a sheep to the New Meat-market for sale as human food, the same being diseased, unsound, unwholesome, and unfit for the food of man.

NAMES OF PIGS.—A West Cumberland pig-enthusiast had a prize pen of three sows at the Carlisle show labelled 'Faith, Hope, and Charity.' 'And pray which of these three is Charity?' asked an old lady. 'Which is Charity, mam?' said the attendant; 'of course the biggest, on she is Charity.' 'My dear,' said the old lady, turning to her daughter, 'I never saw it just put in that practical way before.' Another trio were severally labelled 'We-Shall-Win.' An opponent lapsed into vulgarities when he criticised the pig of pork 'Aunt-We-Sonners?'

CONVICTION OF A PRINTER UNDER THE FACTORIES ACT.—On Monday, May 16, before the borough magistrates at Colchester, Mr. D. F. Bacon, printer, was convicted under the Factories Extension Act for employing a lad under twelve years of age, without first having obtained a surgeon's certificate, and was fined £2, and £1 1s. 6d. costs. Three other informations failed on technical grounds.

AN ODD PRAYER.—Lord Howe gives the following account of one of his crew, an Irishman.—“The fellow was brave, but a little too fond of a can of grog, yet never omitted to repeat this prayer every night as he went to his hammock, ‘I never murdered any man, and no man never murdered me. So God bless all mankind.’”

The Premiums are payable yearly in advance; or at the option of the Assured, half-yearly, with a slight increase of the rate.

This being a MUTUAL ASSURANCE SOCIETY, the profits are not as in Proprietary Companies, divided between the Partners and the Assured. The whole belongs to the Policy holders.

The Profits are divided amongst the holders of Policies, at the termination of every period of THREE YEARS, and each holder may determine that his Share shall be added to the sum assured by him, or converted into premium, or applied in reduction of the future annual premium payable by him.

The last Division was declared at the Annual Meeting held on the 6th July, 1869. The Profits then divided were at the rate of 24 per cent. per annum, or 74 per cent. for the three years. Thus a Policy of £20, taken out before 1st November, 1865, has £27 10s., three years' profits, added to it; a Policy of the same amount taken out before 1st November, 1867, has £12 10s. one year's profits, added; while the total accumulated Profits on a Policy of £500, taken out in 1845, the first year of the Society's existence, now amount to the large sum of £11,000.

The next Division of Profits will take place in July 1871.

Persons proposing for assurance will be required to produce Certificates of Baptism, or such other proofs of age as the Directors may deem to be satisfactory.

Candidates for assurance are not charged with fees payable to the Medical Officers of the Society.

Prospectuses, Forms of Proposals, and all information respecting the Society may be obtained at the Office in Cape Town, or at any of the Agents throughout the Colony.
