IT'S A MANLY ACT.

Johannesburg Man Speaks Out for Johannesburg Welfare.

A plain straight forward statement
A grateful acknowledgment of help
Telling a personal experience.
Making it every where known.
Its a manly act.

It's manly because it helps others by removing every doubt.
No better help could be wished than this assurance from Johannesburg.

Mr. D. G. Clack, of 97, High street, Brixton, Johannesburg, says:—"Through getting wet and letting my clothes dry on me, I caught a cold on the kidneys. I suffered terribly with rheumatic pains, and pains in my back and head. I could hardly move. The kidney excretions were disordered and the bladder was distressingly weak. It was very painful to obtain relief, and often I had to get up many times during the night. I felt down-right ill.

"Although I had medical treatment and tried different so-called remedies I got no better. Eventually I went to the coast for a change, and it was while there that I was advised to try Doan's Backache Kidney Pills. I did so, and I noticed an improvement with the second box. The urinary system became more regular. In a few weeks' time there was not a pain in my body. Although that was six months ago I am still keeping right. (Signed) D. G. Clack."
