DURBAN DOINGS.

ZIONIST ACTIVITY.

A JEWISH VAUDEVILLIST.

SUNDRY ITEMS.

Special to the "S.A.
 JEWISH CHRONICLE"

The Zionists are fond of calling mass meetings and there was one arranged for May 22 and members of the four Zionist Associations of Durban as well as all Jews and Jewesses in Durban were requested to be present. A large number responded to this request and on Mr. S. A. Nathanson opening the meeting he faced a large audience. The Chairman, who is the Zionist District Councillor for Natal, said this meeting was the outcome of a request by the Zionist Federation, and a series of resolutions would be submitted which he hoped would be carried *en bloc*. Mr. S. Couzin read a large amount of correspondence dealing with affairs in Palestine and also read the proposed resolutions. Mr. M. Morrison moved the adoption of the resolutions in an impassioned speech. Mr. Lionel Hart, who seconded, dealt with events taking place in Palestine. Mr. M. Stiller and Mr. J. Shapiro made speeches in support of the series of resolutions which were adopted without any dissension. Sundry matters appertaining to Palestine were introduced and debated. An American auction, which brought in £60 to the funds, concluded the proceedings.

Crowded houses have been the vogue at the Criterion Theatre, Wilkie Bard being the attraction. A turn which was greatly enjoyed was that of Jack Rosen, the

musical magician. This act showed the performer to be well up in the art of amusing large audiences.

o o o

The Kenilworth on the Beach has an attractive trio musicians who are really worth listening to. They are Isidor Fisher's Cape town trio and consist of piano, violin, and 'cello. They nightly submit both popular and classical selections.

The members of the St Thomas' Troop of soldier scouts gave a dinner at the Royal Hotel in honour of the returned soldier scouts of their troop. The toast of our guests was enthusiastically received and was responded to by Mr. E. S. Henochsberg who returned thanks on behalf of himself and his fellow comrades who had served. Another ex service scout present was Mr. H. L. Magid.

Under ideal weather conditions the new bowling green in Brand Road, known as the Appleton green, was formally opened by the Deputy-Mayor. Bowling as a sport has an ever increasing following and on this occasion matches were played by many enthusiasts, amongst whom were

Messrs J. Feitelberg, I. Kahn, and P. Lazarus.

Mr. Fred Foster lectured before the Circle on May 22, on holiday topics. Mr. M. Jackson presided over a very good attendance of members. The lecture was highly appreciated by the Circle.

LITTLE DOUBT.

Only very little doubt was possible when this frank, out-spoken resident of Johannesburg first recorded her experience. The case appeared in 1915, and some might have asked whether such cures could last.

The doubts whether little or great are answered now. Read what the effect of time has been.

On 17th June, 1915, Miss M. Kotze, of 32a, Crown Street, Fordsburg, Johannesburg, said:—"I did not know whether it was my kidneys causing me to suffer so much with my back, but I resolved to try Doan's Backache Kidney Pills which I had heard well recommended. The pain was really very bad, and I could not move without an increase of the pain in my back. It had troubled me for some time. I found Doan's Backache Kidney Pills splendid; a few doses making the pain easier, and two boxes removing it altogether. I have great confidence in the pills and always recommend them. (Signed) M. Kotze."

On 27th May 1920—nearly five years later—Miss Kotze said:—"Doan's Pills always have a word of praise from me. They have improved my health surprisingly."

Of all chemists and stores, 3/3 per box or post free from Foster-McClellan Co., P.O. Box 1297, Cape Town. Ask for Doan's Backache Kidney Pills like Miss Kotze had.
