

**THE MUNICIPAL ELECTIONS.**

**THE NEED FOR BUSINESS MEN.**

**WARD 9.**

The recent revelations regarding the management of the municipal affairs of Johannesburg has proved conclusively that, if the town is to progress, not only must businesslike methods be adopted but, the right type of Councillor must be returned to the Council. In Ward 9, Mr. B. J. Penney is standing as the official ratepayers candidate and his qualifications are such that the electors need have no fear as to electing him for he is just the type of man needed not only to represent the interest of the Ward but of Johannesburg in general. One of the oldest pioneers of Johannesburg, he has been in business in Ward 9 for over thirty years during which time he has achieved the reputation, as a result of his honest dealings and broad outlook of having gained the confidence not merely of his business associates but of the workers as well. Possessed of the necessary business experience and the time to devote to municipal affairs, Mr. Penney, who has taken a keen interest in municipal affairs for many years through the medium of the Ratepayers' Association is an ideal candidate and, the electors in his Ward need have no fears in returning him at the head of the poll. The main points of his programme are as follows:—  
 Progressive extension of water-borne sewerage till the needs of the whole of the town have been provided for; good roads, both in the central area and suburbs; proper footpaths throughout the main thoroughfares; extension of electric light facilities to the

suburbs; increased power for the development of local industries; the encouragement by all legitimate means of local industries run by private enterprise; improved and increased transport facilities; increased police protection by Government; no undue interference with heads of departments or other officials by individual Councillors; more effective control over departmental Municipal expenditure; fair treatment of Municipal employees; strict economy in the preparation of Municipal Estimates; the eradication of "graft" in any shape or form, and of the "jobs for pals" system advocated by the Labour Party.

**WARD 2.**

The Ratepayers' Associations of Ward 2 are to be congratulated on having chosen as their official candidate such a sound business man as Mr. J. Hilson, a resident of the Ward and one who fully realises its many needs. Mr. Hilson will be a welcome addition to the Town Council of Johannesburg especially at the present time when a cleaning up process is looked upon by the majority of people as absolutely necessary in order to abolish the extravagance and inefficiency which abounds locally—to say nothing worse.

**The Yeoville Jewish Literary and Social Society.**

The Yeoville Jewish Literary and Social Society is holding a dance on Saturday evening next, October 17th., in the school room of the Yeoville Synagogue. Edgar Adeler's personal orchestra has been engaged for the occasion.

**Morning Hymn.**

All the stars of the morning sing to Thee,  
 For the radiance of their shining is of Thee;  
 And the sons of God, standing by their watches  
 Of night and day, glorify the glorious Name;  
 And the company of saints receive the word from them,  
 And, every dawn, wake early to seek Thine house.

Jehudah Halevi.

**The Lord is My Portion.**

Servants of time, lo! these be slaves of slaves;  
 But the Lord's servant hath his freedom whole.  
 Therefore, when every man his portion craves,  
 "The Lord God is my portion," saith my soul.

Jehudah Halevi.

**Messrs. Augener Ltd.**

Five new compositions for the pianoforte are included in the new selection of music issued by Messrs. Augener Ltd, "Landler," a dance-phantasia by I. L. Pavia, "Peeceuse" by Gustave Lind, "A Water Colour" by Kitty Parker a series of easy duets by Adam Carse and "Sussex Sketches" by Leslie Cochran. Coming to violin and piano music there is a series of Welsh Airs and Dances arranged by Alfred Moffat and a Lyric Sonata opus 70, by Ernest Austin whilst for the violin-cello and piano there are three new compositions by Ludwig Lebell. Other compositions include Cedric Sharpe's Boccherini Minuet for a string quartette and C. Corbett Sumison's prelude and Andantes for the organ. Finally there are two new songs by Frank Bridge who has set to music Rabindrath Tagore's "Day after Day" and "Speak to me my Love."
