**TOO OLD  
TIRED OUT  
MEN**

HERE IS A 40-YEAR-OLD  
REMEDY RECOMMENDED,  
TESTED AND PROVED BY  
THOUSANDS OF ONE-TIME  
SUFFERERS.

Too old, tired out men, complaining of lack of vigour and vitality, your trouble in the true sense is not a nervous one. It is a blood trouble, starting at the kidneys. The kidneys may be said to rule the body's health. When the kidneys are failing to keep the blood-stream pure, poisons and waste matters accumulate. Thus, with an impure blood supply surging through the body, poisons are lodged in the muscles, joints, etc., and every tiny nerve centre calls out in pain. That is why your "nerves," as you say, are on edge. The impure, sluggish blood makes you tired, weak and lacking in the vim and vigour to enjoy work and pleasures.
