### OPENING OF OPERA HOUSE.

"Mr. Cinders."

The extremely large audience which filled the Opera House on Monday evening, on its re-opening, was very much impressed by the excellence of the improvements which have been effected. The general plan of the theatre is now much nearer to that of a London theatre. The colour scheme of cream, blue and gold is attractive and dignified, the lighting is very effective, the seats are beautifully upholstered and comfortable to a degree, and the ventilation better than it has ever been before.

"Mr. Cinders," the musical comedy presented, was bright and entertaining. The dancing and singing are perhaps not as good as they might be, but this was easily overlooked in the general brightness of atmosphere created in the production of a delightful topsy-turvy version of an old fairy tale.

Outstanding in the cast are Reg Palmer and Elsie Bower, who act as "Jim and Jill," and who succeed in keeping the audience well amused. Miss Doris Gilham, as that ineffable snob, Lady Lancaster, was admirable, whilst the rest of the cast put in some good work for the success of the production.

The photograph was taken during Mr. Kentridge's recent visit to Palestine, and he may be seen in the centre of the group. Next to him on the right is Mr. Policansky, whilst still further to the right is Mr. Joffe. The two gentlemen on either side of Mr. Joffe are the engineers responsible for the construction.

The above is a photograph of the majority of the workmen employed in the construction of the Palestine Cold Storage in Tel-Aviv, which is now nearing completion. The Cold Storage, as is well known to many of our readers, owes its origin to Mr. Chaim Joffe, a former South African, who has taken up residence in Palestine. Mr. Joffe has been joined in this enterprise by all the South Africans now resident in Palestine, but more particularly perhaps by Mr. L. Policansky.
