

The Keren Hayesod.

MESSRS. BLOCH AND GETZ VISIT PIQUETBERG AND MALMESBURY.

A visit in connection with the Keren Hayesod campaign was paid last Sunday afternoon to Piquetberg by Mr. H. M. Bloch and Mr. D. Getz. As a result the amount of £65 17s. was raised. Messrs. M. Myers and B. Klein undertook to interview a number of local residents who were not available on Sunday, and it is hoped that the above total will be increased by a substantial amount.

On Sunday evening Messrs. Bloch and Getz visited Moorreesburg where they addressed a meeting in the synagogue. There was a large attendance, practically the whole of the community putting in an appearance. Mr. H. Pokroy presided, and as a result of the appeal made by the speakers, the sum of £50 was subscribed.

A Shell Publication.

An attractive little booklet has just been issued by the Shell Company of South Africa Limited. The purpose of the booklet is the advertising of Shell products, and certainly a new and original note has been struck in this direction by the authors.

The booklet is printed on art paper and is profuse with drawings of practically every make of car, all of them notable for the accuracy with which they have been executed. There is for each car a humorous and somewhat telling rhyme, and this, combined with the rather comic sketches of drivers and passengers and the general excellence of the printing, make the booklet a rather delightful get-up.

The publication may be obtained from the Shell Company of South Africa Limited, P.O. Box 2231, Cape Town.

Mr. Gradner.

Mr. L. Gradner, Deputy-Mayor of Cape Town, has been appointed a member of the Committee which has been set up by Colonel Creswell to investigate the "Gradner Scheme" and other national unemployment schemes.

Mr. Gradner's scheme, which has been the subject of much controversy both in the City Council and the general press, argues for the raising of money for the relief of unemployment by a compulsory levy on wages and incomes.

Sleep To-Night and Feel Fit To-Morrow.

RESTFUL SLEEP ASSURED WITHOUT NARCOTICS.

Few know that two genuine "Bayer's Aspirin" tablets before retiring, give that feeling of comfort without which sleep is impossible.

Bayer's in 1900, told the medical profession of their new discovery called Aspirin. It proved a wonderful remedy for excited and overwrought nerves, without harmful effect. Now millions find repose without the use of habit-forming drugs.

Don't experiment with your health! Make sure you obtain only "Bayer's Aspirin" tablets (genuine German manufacture), sold by Chemists in convenient flat tins of 12 and bottles of 25 and 100. Look out for the Bayer Cross trade mark on every tablet, and don't accept uncertain imitations and loudly advertised substitutes, which physicians would not think of prescribing.

Say "Bayer's" and insist.

Sephardic Jews in Roumania.

SPANISH GOVERNMENT'S INTEREST.

Bucharest.

The Spanish Ambassador in Bucharest, Don Miguel Angel de Maguiro, was present at the opening of the new school of the Federation of Sephardic Jewish Communities in Roumania, when it was announced that the Spanish Government, in accordance with its decision to help maintain the cultural links between Spain and the Sephardic Jews in the various countries, had appointed Professor Indalecio Gil Reglero to be in charge of the Spanish courses at the school.

The President of the Bucharest Sephardic Community, Advocate J. Cohen, said that the Sephardic Jews of Roumania, although they had for centuries been completely incorporated in Roumanian life, still retained their Spanish traditions. The Spanish Jews had played an important part in shaping Spanish culture, and Sephardic Jews would always be proud of the Jewish contributions to that culture. The Spanish courses in their school would also help to keep firm the ties of friendship between the two Latin countries, Spain and Roumania.

The Ambassador said that he was happy to hear these expressions of friendship for the new Spain, which was anxious to maintain cultural and spiritual contact with the Sephardic Jews all over the world.

Professor Gil Reglero then outlined the nature of the Spanish courses which he would take at the school, and the Chief Rabbi of the Roumanian Sephardic Community, Rabbi Sebetai Djaen, followed with an address on the great Spanish Jewish poet,

Activities at Worcester.

ANNUAL BALL.

(From a Correspondent.)

The Worcester Jewish Ladies' Society held their annual ball on the 24th of May, at the Masonic Hall, and the function proved a great success both financially and socially.

The hall was decorated in a colour scheme of blue and white. Streamers were caught at the centre by a huge bell completed with balloons which gave a very effective finish to the soft colours.

A large choice of exquisite frocks was worn by the ladies present. Visitors from Robertson, Hermanus, Villiersdorp, Ceres, Cape Town, and all parts of the Worcester districts were present.

The novelty dances which took place were greatly enjoyed, the lucky winners being awarded handsome prizes.

The music supplied by Alex. Forbes and his Orchestra from Cape Town, was excellent, and greatly assisted towards rendering the ball the success it was.

The Ball Committee wishes to thank members for their kind donations and splendid co-operation given in the work which the ball entailed.
